TABLE OF CONTENTS

SUMMARY OF YOUR COSTS

This section shows a summary table of the care covered by your plan. It also explains the amounts you pay. **This section does not go into all the details of your coverage. Please see *Covered Services* to learn more**.

First, here is a quick look at how this plan works. Your costs are subject to all of the following.

- The **networks**. To help control the cost of your care, this plan uses Premera's Heritage network in Washington. You may be able to save money if you use an in-network provider. For more network details, see ***How Providers Affect Your Costs***.
- The **allowed amount**. This is the most this plan allows for a covered service. See ***Important Plan Information*** for details. For some covered services, you have to pay part of the allowed amount. This is called your **cost-share**. This plan's cost-shares are explained below. You will find the amounts in the summary table.
- The **copays**. These are set dollar amounts you pay at the time you get some services. If the amount billed is less than the copay, you pay only the amount billed. Copays apply to the out-of-pocket maximum unless stated otherwise in the summary. The deductible does not apply to most services that require a copay. Any exceptions are shown in the table.

  This plan has a different copay for office visits with specialists than with non-specialists. To find out which providers get which copays, see ***How Providers Affect Your Costs***.

	In-Network Providers
Non-specialist professional visit copay	$25
Specialist professional visit copay	$40

- **SaveOnSP Specialty Pharmacy Cost Share Offset Program** Certain specialty drugs may be included in SaveOnSP, a specialty pharmacy cost share offset program. Please see the list of SaveOnSP-eligible drugs located at ***www.premera.com/saveonsp***. Drugs included in the program have a 30% coinsurance, however, if you choose to enroll in the SaveOnSP program, your cost share will be covered in full by the program. Participation in the program is voluntary. If you choose not to enroll in the SaveOnSP program, you will be responsible for the 30% coinsurance of the associated medication in the program. The program does not apply if the drug is administered under the medical benefits.
- The **deductible**. The total allowed amount you pay in each year before this plan starts to make payments for your covered healthcare costs. You pay down each deductible separately with each claim that applies to it.

Not all the amounts you have to pay count toward the deductible, such as cost share for certain specialty drugs designated as non-essential health benefits that are included in the SaveOnSP program.

	In-Network Providers	**Out-of-Network Providers**
Individual deductible	$500	$1,000
Family deductible (not shown in the summary table)	$1,500	$3,000

- **Coinsurance**. For some healthcare, you pay a percentage of the allowed amount, and the plan pays the rest. This booklet calls your percentage “coinsurance.” You pay less coinsurance for many benefits when you use an in-network provider. Your coinsurance is shown in the summary table.

Coinsurance	20%	40%

- The **out-of-pocket maximum** (not shown in the summary table). This is the most you pay each plan year for any deductibles, copays and coinsurance. Not all the amounts you have to pay count toward the out-of-pocket maximum, such as cost share for certain specialty drugs designated as non-essential health benefits that are included in the SaveOnSP program. See ***Important Plan Information*** for details.

	In-Network Providers	**Out-of-Network Providers**
Individual out-of-pocket maximum	$3,000	$6,000
Family out-of-pocket maximum	$6,000	$12,000

- **Prior Authorization**. Some services must be approved in advance before you get them, in order to be covered. See ***Prior Authorization*** for details about the types of services and time limits. Some services have special rules.

This plan complies with state and federal regulations about diabetes medical treatment coverage. Please see the ***Preventive Care***, ***Prescription Drug***, ***Home Medical Equipment (HME), Orthotics, Prosthetics And Supplies***, and ***Foot Care*** benefits.

HOW PROVIDERS AFFECT YOUR COSTS

This plan's benefits and your out-of-pocket expenses depend on the providers you see. In this section you'll find out how the providers you see can affect this plan's benefits and your costs.

In-Network Providers

This plan is a Preferred Provider Plan (PPO). This means that the plan provides you benefits for covered services from providers of your choice. Its benefits are designed to provide lower out-of-pocket expenses when you receive care from in-network providers. There are some exceptions, which are explained below.

In-Network providers are:

- Providers in the Heritage network in Washington. For care in Clark County, Washington, you also have access to providers through the BlueCard® Program.
- Providers in Alaska that have signed contracts with Premera Blue Cross Blue Shield of Alaska.
- For care outside the service area (see ***Definitions***), providers in the local Blue Cross and/or Blue Shield Licensee's network shown below. (These Licensees are called "Host Blues" in this booklet.) See ***Out-Of-Area Care*** later in the booklet for more details.
  - Wyoming: The Host Blue's Traditional (Participating) network
  - Anthem Blue Cross of California
  - All Other States: The Host Blue's PPO (Preferred) network

In-Network pharmacies are available nationwide.

In-Network providers provide medical care to members at negotiated fees. These fees are the allowed amounts for in-network providers. When you receive covered services from an in-network provider, your medical bills will be reimbursed at a higher percentage (the in-network benefit level). This means lower cost-shares for you, as shown in the ***Summary Of Your Costs***. In-Network providers will not charge you more than the allowed amount for covered services. This means that your portion of the charges for covered services will be lower.

A list of in-network providers is in our Heritage provider directory. You can access the directory at any time on our website at **www.premera.com**. You may also ask for a copy of the directory by calling Customer Service. The providers are listed by geographical area, specialty and in alphabetical order to help you select a provider that is right for you. You can also call the BlueCard provider line to locate an in-network provider. The numbers are on the back cover of this booklet and on your Premera Blue Cross ID card.

We update this directory regularly, but the listings can change. Before you get care, we suggest that you call us for current information or to make sure that your provider, their office location or their provider group is in the Heritage network.

Important Note: You're entitled to receive a provider directory automatically, without charge.

Contracted Health Care Benefit Managers

The list of Premera's contracted Health Care Benefit Managers (HCBM) and the services they manage are available at **https://www.premera.com/visitor/companies-we-work-with** and changes to these contracts or services are reflected on the website within 30 business days.

Continuity Of Care

If you are in active relationship and treatment, and your doctor or health care provider is no longer in your network, you may be able to continue to see that provider for a period of time. An "active relationship" means that you have had three or more visits with the provider within the past 12 months.

Continuity of care does not apply if your provider:

- No longer holds an active license
- Relocates out of the service area
- Goes on leave of absence
- Is unable to provide continuity of care because of other reasons
- Does not meet standards of quality of care

You must continue to be enrolled on this plan to be eligible for any continuity of care benefit.

We will notify you immediately if the provider contract termination will happen within 30 days. Otherwise, we will notify you no later than 10 days after the provider's contract ends if we know that you are under an active treatment plan. If we learn that you are under an active treatment plan after your provider's contract ends, we will notify you no later than the 10th day after we become aware of this fact.

You can request continuity of care by contacting Care Management. The contact information is on the back cover of this booklet.

If you are approved for continuity of care, you will get continuing care from the terminating provider until the earliest of the following:

- The 90th day after we notified you that your provider's contract ended
- The 90th day after we notified you that your provider's contract ended, or the date your request for continuity of care was received or approved, whichever is earlier
- The day after you complete the active course of treatment entitling you to continuity of care
- If you are pregnant, and become eligible for continuity of care after commencement of the second trimester of the pregnancy, you will receive continuity of care
- As long as you continue under an active course of treatment, but no later than the 90th day after we notified you that your provider's contract ended, or the date your request for continuity of care was received or approved, whichever is earlier

When continuity of care ends, you may continue to receive services from this same provider, however, the plan will pay benefits at the out-of-network benefit level. Please see the ***Summary Of Your Costs*** for more information. If we deny your request for continuity of care, you may appeal the denial. Please see ***Complaints and Appeals***.

BlueCard In California

We have made an arrangement for you as a Premera Blue Cross member with (Anthem Blue Cross of California). In order for you to maximize your savings under the BlueCard Program, you will need to choose only Anthem Blue Cross of California network providers for services received in California.

Out-Of-Network Providers

Out-of-network providers are providers that are not in one of the networks shown above. Your bills will be reimbursed at a lower percentage (the out-of-network benefit level). This means higher cost-shares for you, as shown in the ***Summary Of Your Costs***.

- Some providers in Washington that are not in the Heritage network do have a contract with us. Even though your bills will be reimbursed at the lower percentage (the out-of-network benefit level), these providers will not bill you for any amount above the allowed amount for a covered service. The same is true for a provider that is in a different network of the local Host Blue.
- There are also providers who do not have a contract with us, Premera Blue Cross Blue Shield of Alaska or the local Host Blue at all. These providers are called “non-contracted” providers in this booklet. Their covered services are based on a lower allowed amount. See ***Important Plan Information***. “Non-contracted” providers also have the right to charge you more than the allowed amount for a covered service. You may also be required to submit the claim yourself. See ***How Do I File A Claim?*** for details.

Amounts in excess of the allowed amount don’t count toward any applicable plan year deductible, coinsurance or out-of-pocket maximum.

Services you receive in an in-network facility may be provided by physicians, anesthesiologists, radiologists or other professionals who are out-of-network providers. When you receive services from these out-of-network providers, you may be responsible for amounts over the allowed amount as explained above.

In-Network Benefits For Out-Of-Network Providers

The following covered services and supplies provided by out-of-network providers will always be covered at the in-network level of benefits:

- Emergency care for a medical emergency. (Please see the ***Definitions*** section for definitions of these terms.) This plan provides worldwide coverage for emergency care.

  The benefits of this plan will be provided for covered emergency care without the need for any prior authorization and without regard as to whether the health care provider furnishing the services is an in-network

provider. Emergency care furnished by an out-of-network provider will be reimbursed at the in-network benefit level. As explained above, if you see an out-of-network provider, you may be responsible for amounts that exceed the allowed amount.

- Services from certain categories of providers to which provider contracts are not offered. These types of providers are not listed in the provider directory.
- Services associated with admission by an in-network provider to an in-network hospital that are provided by hospital-based providers.
- Facility and hospital-based provider services received in Washington from a hospital that has a provider contract with Premera Blue Cross, if you were admitted to that hospital by a Heritage provider who doesn't have admitting privileges at a Heritage hospital.
- Covered services received from providers located outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands.

If a covered service is not available from an in-network provider, you can receive benefits for services provided by an out-of-network provider at the in-network benefit level. However, you must request this before you get the care. See ***Prior Authorization*** to find out how to do this.

IMPORTANT PLAN INFORMATION

This section of your booklet explains the types of expenses you must pay for covered services before the benefits of this plan are provided. (These are called "cost-shares" in this booklet.) To prevent unexpected out-of-pocket expenses, it's important for you to understand what you're responsible for.

The allowed amount is also explained.

You'll find the dollar amounts for these expenses and when they apply in the ***Summary Of Your Costs***.

COPAYMENTS (COPAYS)

Copayments ("copays") are fixed up-front dollar amounts that you're required to pay for certain covered services. Your provider of care may ask that you pay the copay at the time of service. If the amount billed is less than the copay, you only pay the amount billed. Your copay amounts are shown in the ***Summary Of Your Costs***.

SPLIT COPAY FOR OFFICE VISITS

This plan has two Professional Visit Copay amounts for in-network providers' office and home visits. When you see one of the types of in-network providers shown below, you pay the non-specialist copay shown in the ***Summary Of Your Costs*** for each office or home visit.

- Family practice physician
- General practice physician
- Internist
- Gynecologist
- Naturopath
- Advanced registered nurse practitioner (ARNP)
- Obstetrician
- Pediatrician
- Physician assistant
- Chiropractor
- Acupuncturist

For all other types of in-network providers covered by benefits subject to a professional visit copay, you pay the specialist copay shown in the ***Summary Of Your Costs*** for each visit.

Certain services don't require a copay. However, the Professional Visit Copay may apply if you have a consultation with the provider or receive other services. Separate copays will apply if you see more than one in-network provider on the same day. But only one copay per provider, per day will apply. If you receive multiple services from the same provider in the same visit and the copay amounts are different, then the highest copay will apply.

PLAN YEAR DEDUCTIBLE

A plan year deductible is the amount of expense you must incur in each plan year for covered services and supplies before this plan provides certain benefits. The amount credited toward the plan year deductible for any covered service or supply won't exceed the allowed amount (please see the ***Allowed Amount*** subsection below in this booklet).

While some benefits have dollar maximums, others have different kinds of maximums, such as a maximum number of visits or days of care that can be covered. We don't count allowed amounts that apply to your individual in-network or out-of-network plan year deductibles toward dollar benefit maximums. But if you receive services or supplies covered by a benefit that has any other kind of maximum, we do count the services or supplies that apply to either of your individual plan year deductibles toward that maximum.

Please Note: Each plan year deductible accrues toward its applicable out-of-pocket maximum, if any.

The plan has separate deductibles for in-network and out-of-network providers. **It could happen that you satisfy one of these deductibles before the other. If this happens, you still have to pay cost-shares that apply to the second deductible until it, too, is met.**

Individual Deductible

An "Individual Deductible" is the amount each member must incur and satisfy before certain benefits of this plan are provided.

Family Deductible

We also keep track of the expenses applied to the individual deductible that are incurred by all enrolled family members combined. When the total equals a set maximum, called the "Family Deductible," we will consider the individual deductible of every enrolled family member to be met for the year. Only the amounts used to satisfy each enrolled family member's individual deductible will count toward the family deductible.

What Doesn't Apply To The Plan Year Deductible?

Amounts that don't accrue toward this plan's plan year deductible are:

- Amounts that exceed the allowed amount
- Charges for excluded services
- The difference in cost between a brand name drug and an equivalent generic drug when the plan requires the generic drug to be dispensed in place of the brand name drug.
- Copays
- The coinsurance for in-network pharmacies stated in the ***Summary Of Your Costs***
- Cost share applicable to certain specialty drugs that are considered "non-essential health benefits" and that are included in the SaveOnSP program. For a list of drugs included in the SaveOnSP program, please visit ***premera.com/saveonsp***.

COINSURANCE

"Coinsurance" is a defined percentage of allowed amounts for covered services and supplies you receive. It's the percentage you're responsible for, not including copays and the plan year deductible, when the plan provides benefits at less than 100% of the allowed amount. You will find your coinsurance in the ***Summary Of Your Costs***.

OUT-OF-POCKET MAXIMUM

The "individual out-of-pocket maximum" is the maximum amount, made up of the cost-shares below, that each individual could pay each plan year for certain covered services and supplies. Please refer to the ***Summary Of Your Costs*** for the amount of out-of-pocket maximums you're responsible for.

Once the out-of-pocket maximum has been satisfied, the benefits of this plan will be provided at 100% of allowed amounts for the remainder of that plan year for covered services that are subject to the maximum.

The plan has separate out-of-pocket maximums for in-network and out-of-network providers. **It could happen that you satisfy one of these maximums before the other. If this happens, you still have to pay cost-shares that apply to the second out-of-pocket maximum until it, too, is met.**

Cost-shares that apply to the out-of-pocket maximum are:

- Your coinsurance
- The plan year deductible

  Once the family deductible is met, your individual deductible will be satisfied. However, you must still pay any other cost-shares shown in the ***Summary Of Your Costs*** until your individual out-of-pocket maximum is reached.
- Copays
- The difference in cost between a brand name drug and an equivalent generic drug when the plan requires the generic drug to be dispensed in place of the brand name drug.

There are some exceptions. Expenses that do not apply to the out-of-pocket maximum are:

- Charges above the allowed amount
- Charges not covered by the plan
- Copays for exams covered under the Vision Exams benefit for members 19 or older.
- Copays for exams covered under the Hearing Exams benefit
- Cost share applicable to certain specialty drugs that are considered “non-essential health benefits” and that are included in the SaveOnSP program. For a list of drugs included in the SaveOnSP program, please visit ***premera.com/saveonsp***.

We keep track of the total cost-shares applied to the individual out-of-pocket maximum that are incurred by all enrolled family members combined. When this total equals a set maximum, called the “Family Out-of-Pocket Maximum,” we will consider the individual out-of-pocket maximum of every enrolled family member to be met for that plan year. Only the amounts used to satisfy each enrolled family member’s individual out-of-pocket maximum will count toward the family out-of-pocket maximum.

ALLOWED AMOUNT

This plan provides benefits based on the allowed amount for covered services. We reserve the right to determine the amount allowed for any given service or supply unless otherwise specified in the Group's administrative services agreement with us. The allowed amount is described below. There are different rules for dialysis due to end-stage renal disease and for emergency services. These rules are shown below the general rules.

General Rules

- **Providers In Washington and Alaska Who Have Agreements With Us**

  For any given service or supply, the amount these providers have agreed to accept as payment in full pursuant to the applicable agreement between us and the provider. These providers agree to seek payment from us when they furnish covered services to you. You’ll be responsible only for any applicable plan year deductibles, copays, coinsurance, charges in excess of the stated benefit maximums and charges for services and supplies not covered under this plan.

  Your liability for any applicable plan year deductibles, coinsurance, copays and amounts applied toward benefit maximums will be calculated on the basis of the allowed amount.
- **Providers Outside The Service Area Who Have Agreements With Other Blue Cross Blue Shield Licensees**

  For covered services and supplies received outside the service area, allowed amounts are determined as stated in the ***What Do I Do If I’m Outside Washington And Alaska?*** section (***Out-Of-Area Care***) in this booklet.
- **Providers Who Don’t Have Agreements With Us Or Another Blue Cross Blue Shield Licensee**

  The allowed amount for providers in the service area that don't have a contract with us is the least of the three amounts shown below. The allowed amount for providers outside the service area that don't have a contract with us or the local Blue Cross and/or Blue Shield Licensee is also the least of the three amounts shown below.
  - An amount that is no less than the lowest amount we pay for the same or similar service from a comparable provider that has a contracting agreement with us
  - 125% of the fee schedule determined by the Centers for Medicare and Medicaid Services (Medicare), if available
  - The provider’s billed charges. Note: Ambulances are always paid based on billed charges.

  If applicable law requires a different allowed amount than the least of the three amounts above, this plan will comply with that law.

Dialysis Due To End Stage Renal Disease

- **Providers Who Have Agreements With Us Or Other Blue Cross Blue Shield Licensees**

  The allowable charge is the amount explained above in this definition.

- **Providers Who Don't Have Agreements With Us Or Another Blue Cross Blue Shield Licensee**

  The amount the plan allows for dialysis during Medicare's waiting period will be no less than 125% of the Medicare-approved amount and no more than 90% of billed charges.

  The amount the plan allows for dialysis after Medicare's waiting period is 125% of the Medicare-approved amount, even when a member who is eligible for Medicare does not enroll in Medicare.

  See the Dialysis benefit for more details.

Emergency Care

Consistent with the requirements of the Affordable Care Act, the allowed amount for non-contracted providers will be the greatest of the following amounts:

- The median amount that Heritage network providers have agreed to accept for the same services
- The amount Medicare would allow for the same services
- The amount calculated by the same method the plan uses to determine payment to out-of-network providers

In addition to your deductible, copays and coinsurance, you will be responsible for charges received from out-of-network providers above the allowed amount.

When you receive services from providers that **don't** have agreements with us or the local Blue Cross and/or Blue Shield Licensee, your liability is for any amount above the allowed amount, and for your normal share of the allowed amount (see the ***Summary Of Your Costs*** for further detail).

Note: Non-contracted ambulances are always paid based on billed charges.

The allowed amount will be the amount allowed for out-of-network providers even when the provider's services are covered at the in-network benefit level.

If you have questions about this information, please call us at the number listed on your Premera Blue Cross ID card.

COVERED SERVICES

This section of your booklet describes the services and supplies that the plan covers. Benefits are available for a service or supply described in this section when it meets all of these requirements:

- It must be furnished in connection with either the prevention or diagnosis and treatment of a covered illness, disease or injury.
- It must be medically necessary (please see the ***Definitions*** section in this booklet) and must be furnished in a medically necessary setting.
- It must not be excluded from coverage under this plan.
- The expense for it must be incurred while you're covered under this plan.
- It must be furnished by a "provider" (please see the ***Definitions*** section in this booklet) who's performing services within the scope of his or her license or certification.
- It must meet the standards set in our medical and payment policies. The plan uses policies to administer the terms of the plan. Medical policies are generally used to further define medical necessity or investigational status for specific procedures, drugs, biologic agents, devices, level of care or services. Payment policies define our provider billing and payment rules. Our policies are based on accepted clinical practice guidelines and industry standards accepted by organizations like the American Medical Association (AMA), other professional societies and the Center for Medicare and Medicaid Services (CMS). Our policies are available to you and your provider at **www.premera.com** or by calling Customer Service.

Benefits for some types of services and supplies may be limited or excluded under this plan. Please refer to the actual benefit provisions throughout this section and the ***Exclusions*** section for a complete description of covered services and supplies, limitations and exclusions. You will find limits on days or visits and dollar limits in the ***Summary Of Your Costs***.

The ***Summary Of Your Costs*** also explains your cost-shares under each benefit.

This benefit does not cover testing required for employment, schooling, screening or public health reasons that is not for the purpose of treatment.

Dialysis

When you have end-stage renal disease (ESRD) you may be eligible to enroll in Medicare. If eligible, it is important to enroll in Medicare as soon as possible. When you enroll in Medicare, this plan and Medicare will coordinate benefits. In most cases, this means that you will have little or no out-of-pocket expenses.

As soon as the member is enrolled in Medicare Part B due to ESRD, the Group will pay the Medicare Part B premiums. The Group will continue to pay these premiums for as long as the member is enrolled on their current plan and eligible for Medicare due to ESRD.

Medicare has a waiting period, generally the first 90 days after dialysis starts. Benefits are different for dialysis during Medicare's waiting period than after the waiting period ends. Please see the ***Summary Of Your Costs***.

In-Network providers are paid according to their provider contracts. The amount the plan pays out-of-network providers for dialysis after Medicare’s waiting period is 125% of the Medicare-approved amount, even if you do not enroll in Medicare.

If the dialysis services are provided by a non-contracted provider and you do not enroll in Medicare, then you will owe the difference between the non-contracted provider's billed charges and the plan's payment for the covered services. See ***Allowed Amount*** in ***Important Plan Information*** for more information.

Premera-Designated Centers Of Excellence Program

Premera is working on your behalf to deliver better service excellence and better quality outcomes for services. To accomplish this, Premera has selected providers that have agreed to be held accountable for care quality, experience and cost. Premera calls these providers Designated Centers of Excellence. These providers can give you high quality care for complex medical situations. Designated Centers of Excellence are located throughout the United States.

You will have lower out-of-pocket costs when you receive the covered surgeries below from a Designated Center of Excellence. Please see the ***Summary of Your Costs*** for the cost-shares you pay.

How to Obtain Coverage

Members must work with Premera and the Designated Center of Excellence to ensure that their treatment is coordinated and consistent with established standards of medical care. Contact Customer Service to be connected with a Premera Personal Health Support Clinician to begin the process.

Like many elective procedures, the surgeries covered under this benefit require prior authorization from Premera to ensure the procedure is a medically appropriate option for you. If you do not receive prior authorization, this plan will not cover the services, and you will have to pay the total cost for the services. See ***Prior Authorization*** to find out how to request prior authorization.

Once you are given approval for the services, Premera will refer you to the Designated Center of Excellence closest to your home.

Prescription Drug

What's Covered

This benefit only covers drugs that are approved by the US Food and Drug Administration (FDA) that you get from a licensed pharmacy for take-home use. Covered drugs include the drugs and items listed below. All drugs and other items must be medically necessary.

Essentials Drug List This plan uses a specific list of covered drugs, sometimes referred to as a "formulary." This list, called the Essentials drug list, includes preferred generic drugs, preferred brand-name drugs and non-preferred drugs. However, the Essentials drug list does not cover some of the drugs in certain drug classes. An example is proton pump inhibitors. Except for drugs and items listed under ***Exclusions*** below in this benefit, the Essentials drug list covers at least 1 drug in every drug class. (A drug class is a group of drugs that may work in the same way, have a similar chemical structure, or may be used to treat the same conditions or group of conditions.)

Drugs not included in the Essentials drug list are not covered by this plan.

Please call Customer Service or visit our website for more information or to find out if a certain drug is covered. If your drug is not covered, please work with your provider to find an alternative drug in that drug class that the plan does cover.

See Question 1 in ***Questions And Answers About Your Pharmacy Benefits*** below in this benefit to find out how to ask for coverage of a drug that is not in the Essentials drug list.

Specialty drugs These drugs treat complex or rare health problems. An example is rheumatoid arthritis. Specialty drugs also need special handling, storage, administration or patient monitoring. They are high cost and can be shots you give yourself.

SaveonSP Specialty Pharmacy Cost Share Offset Program Certain specialty drugs may be included in SaveOnSP, a specialty pharmacy cost share offset program. Please see the list of SaveOnSP-eligible drugs located at ***premera.com/saveonsp***. The SaveOnSP Drug list is subject to change throughout the year and is updated at minimum twice yearly (January 1st and July 1st), impacted members will be notified of changes. Drugs included in the program have a 30% coinsurance, however, if you choose to enroll in the SaveOnSP program, your cost share will be covered in full by the program. Participation in the program is voluntary. If you choose not to enroll in the SaveOnSP program, you will be responsible for the 30% coinsurance associated to the medication in the program. Whether or not you participate, the cost share for drugs included in the program do not accrue toward the deductible and out-of-pocket maximum.

The specialty drugs included in the SaveOnSP program are considered "non-essential health benefits" while other drugs in these categories, classified as essential health benefits, are used to meet the state essential health benefit benchmarks. Therefore, specialty drugs included in the SaveOnSP program do not apply to your annual deductible or out-of-pocket maximum. The essential/non-essential health benefit designation is a key component of the Affordable Care Act (ACA) and is defined by the Centers for Medicare and Medicaid Services. The essential/non-essential health benefit designation is not a "value" statement on the drug, but rather a way to ensure that a health plan provides at least the minimum number of drugs in a certain category and class as outlined by the ACA.

To participate, simply call SaveOnSP at 1-800-683-1074. You must contact SaveOnSP and enroll in the program **prior to** filling your prescription. **The program cannot be applied retroactively to a previously filled prescription.**

If you choose not to participate, you may submit a claim on your own for reimbursement under any available manufacturer program assistance. Any remaining amount owed through the manufacturer program or after manufacturer is exhausted will be member responsibility, and you may be subject to additional out-of-pocket expenses.

Please note: If the drug is covered under the medical benefits of this plan, the medical benefit cost-share would apply. SaveOnSP does not apply if the drug is administered under the medical benefit. Drugs may be covered under the medical benefit when administered and billed through a provider as part of a medical service.

Birth Control

All FDA-approved female and male prescription and over-the-counter oral birth control drugs supplies and devices. See ***Prescription Drug*** in the ***Summary Of Your Costs***. You must buy over-the-counter supplies and devices at the pharmacy counter. You do not need a prescription. For shots or devices from your doctor, see ***Preventive Care***.

PV1 Preventive Drugs The plan also covers some other preventive drugs. These drugs are on our PV1 list. These drugs are effective in controlling health problems such as heart disease.

Please call customer service or log in to the member portal on our website to find out if a drug is on the PV1 list. The phone number and our Web address are on the back of this booklet.

Preventive Drugs Required By The Affordable Care Act that your doctor prescribes

Off-Label Uses The US Food and Drug Administration (FDA) approves prescription drugs for specific health conditions or symptoms. Some drugs are prescribed for uses other than those the FDA has approved. The plan covers such drugs if the use is recognized as effective in standard drug reference guides put out by the American Hospital Formulary Service, the American Medical Association, the US Pharmacopoeia, or other reference guides also recognized by the Federal Secretary of the US Health and Human Services department or the Insurance Commissioner.

Drug uses that are not recognized by one of the above standard drug reference guides can be covered if they are recognized by the Secretary of the US Health and Human Services department or by the majority of relevant, peer-reviewed medical literature. For more details, see the definition of “prescription drug” in the ***Definitions*** section of this booklet.

Compound Medications To be covered, these must contain at least one covered prescription drug

Questions and Answers About Your Pharmacy Benefits

1. Does this plan exclude certain drugs my health care provider may prescribe, or encourage substitution for some drugs?

Essentials Drug List

This benefit makes use of our Essentials drug list, sometimes referred to as a "formulary."

Our Pharmacy and Therapeutics Committee makes the decisions about the drug list. This committee includes doctors and pharmacists from the community. The committee review medical studies, scientific papers and reports and other information on drugs and their uses to choose safe and effective drugs for the list.

The Essentials drug list includes preferred generic drugs, preferred brand name drugs, preferred specialty drugs, and certain non-preferred generic, brand name and specialty drugs. (Preferred brand name drugs are brand name drugs that are only made by one drug company.) The Essentials drug list covers at least 1 drug in every drug class but does not cover all the drugs in some drug classes. Use the RX Search tool on our website or call Customer Service for a full list of drugs on the Essentials drug list.

This plan also doesn't cover certain categories of drugs. These are listed under ***Exclusions*** earlier in this benefit.

Certain drugs need prior authorization. Please see ***Prior Authorization*** for more detail.

Generic Drug Substitution

This plan encourages the use of appropriate generic drugs (as defined below). When available and indicated by the prescriber, a generic drug will be dispensed in place of a brand name drug. If your prescriber does not want to substitute a generic for the brand name drug, you pay only the applicable brand name cost shares. See the ***Summary Of Your Costs*** for the amount you pay. However, if the prescriber allows you to take a generic drug instead of the brand-name drug, and you buy the brand name drug anyway, you will have to pay the difference in price between the brand name drug and the generic equivalent along with the applicable brand name cost-share. Please ask your pharmacist about the higher costs you will pay if you select a brand name drug.

A "generic drug" is a prescription drug manufactured and distributed after the brand name drug patent of the innovator company has expired. Generic drugs have obtained an AB rating from the U.S. Food and Drug Administration (FDA). The FDA considers them to be therapeutically equivalent to the brand name product.

For the purposes of this plan, classification of a particular drug as a generic is based on generic product availability and cost as compared to the reference brand name drug.

This benefit also covers “biological products.” Examples are serums and antitoxins. Generic substitution does not apply to biological products.

Exceptions You or your provider may ask that the plan cover a drug or a dose that is not on the Essentials drug list. The drug may be covered if 1 of 3 things is true:

- You cannot tolerate the drugs that are on the Essentials drug list
- All covered drugs in any tier of the Essentials drug list will be (or have been) either ineffective or not as effective as the drug that is not on the list
- The dosage you need is not available in the drugs on the Essentials drug list.

If your request to cover a drug not on the Essentials drug list is approved, the plan will cover the drug. If your request is not approved, the plan will not cover the drug.

Exception Process The request can be made in writing, electronically or by phone. Your provider must give us a written or oral statement that confirms the need for the requested drug to treat your condition and states that the criteria above are met. We have the right to ask for medical records that relate to the request.

Within 15 calendar days after we get the information we need from your provider, we will let you or your provider know in writing if your request is approved

If Your Request Is Urgent We will respond to your request within 72 hours after we get the information we need from your provider if 1 of the following is true:

- Your health problem may put your life or health in serious danger.
- You have already started taking the drug.

The provider must confirm that 1 of the 2 situations above is true. The provider must also explain the harm that would come to you if we did not respond to the request within 72 hours.

2. When can my plan change the pharmacy drug list? If a change occurs, will I have to pay more to use a drug I had been using?

Our Pharmacy and Therapeutics Committee reviews the pharmacy drug list frequently throughout the year. It can decide to make a drug preferred or non-preferred at any point in the year. The committee may also add or remove a drug from the Essentials drug list during the year. These changes can happen if new drugs appear on the market or new medical studies or other clinical information warrant the change.

If you’re taking a drug that’s changed from preferred to non-preferred status, we’ll notify you before the change. We will also tell you if a drug you are taking is going to be removed from the Essentials drug list. The amount you pay for a drug is based on whether the generic, brand name or specialty drug is preferred or non-preferred on the date it is dispensed. Whether the pharmacy is in the network or not on the date the drug is dispensed is also a factor.

3. What should I do if I want a change from limitations, exclusions, substitutions or cost increases for drugs specified in this plan?

The limitations and exclusions applicable to your prescription drug benefit, including categories of drugs for which no benefits are provided, are part of this plan’s overall benefit design, and can only be changed at the sole discretion of the Group. The plan's rules about substitution of generic drugs are described above in question 1. Please see ***Prior authorization*** for more information about prior authorization.

You can appeal any decision you disagree with. Please see the ***Complaints And Appeals*** section in this booklet or call our Customer Service department at the telephone numbers listed on the back cover of this booklet for information on how to submit an appeal.

4. How much do I have to pay to get a prescription filled?

You will find the amounts you pay for covered drugs in the ***Summary Of Your Costs***.

5. Do I have to use certain pharmacies to pay the least out of my own pocket under this plan?

Yes. You receive the highest level of benefits when you have your prescriptions filled by in-network pharmacies. The majority of retail pharmacies in Washington are part of our pharmacy network. Your benefit covers prescription drugs dispensed from an out-of-network pharmacy, but at a higher out-of-pocket cost to you as explained above.

Our mail order program offers lower cost-shares and lets you buy larger supplies of your medications, but you must use our in-network mail order pharmacy.

You can find an in-network pharmacy near you by consulting your provider directory or calling the Pharmacy Locator Line at the toll-free telephone number found on the back of your ID card.

Specialty drugs are covered only when you get them from specialty pharmacies. Specialty pharmacies are pharmacies that focus on the delivery and clinical management of specialty drugs. See the ***Summary Of Your Costs*** for more information.

Certain specialty drugs may be included in SaveOnSP, a specialty pharmacy cost share offset program. Please see the list of SaveOnSP-eligible drugs located at ***premera.com/saveonsp***. The SaveOnSP Drug List is subject to change throughout the year and is updated at minimum twice yearly (January 1st and July 1st), impacted members will be notified of changes. Drug included in the program have a 30% coinsurance, however, if you choose to enroll in the SaveOnSP Program, your cost share will be covered in full by the program. Participation in the program is voluntary. If you chose not to enroll in the SaveOnSP program, you will be responsible for the 30% coinsurance associated to the medication in the program. Whether or not you participate, the cost share for drugs included in the program do not accrue toward the deductible and out-of-pocket maximum.

The specialty drugs included in the SaveOnSP program are considered “non-essential health benefits.” The essential/non-essential health benefit designation is a key component of the Affordable Care Act (ACA) and is defined by the Centers for Medicare and Medicaid Services. The essential/non-essential health benefit designation is not a “value” statement on the drug, but rather a way to ensure that a health plan provides at least the minimum number of drugs in a certain category and class as outlined by the ACA.

Specialty drugs that are considered “non-essential health benefits” and that are included in the SaveOnSP program do not apply to your annual deductible or out-of-pocket maximum. ***Please note****: If the drug is covered under the medical benefits of this plan, the medical benefits' cost-share would apply. SaveOnSP does not apply if the drug is administered under the medical benefits. Drugs may be covered under a medical benefit when administered and billed through a provider as part of the medical service.*

If you have other primary insurance the SaveOnSP drug must be filled with Accredo or this benefit will not apply under secondary coverage.

6. How many days’ supply of most medications can I get without paying another copay or other repeating charge?

The dispensing limits (or days’ supply) for drugs dispensed at retail pharmacies and through the mail-order pharmacy benefit are described in the ***Getting Prescriptions Filled*** table above.

Benefits for refills will be provided only when you have used 75% of a supply of a single medication. The 75% is calculated based on both of the following:

- The number of units and days' supply dispensed on the last refill
- The total units or days' supply dispensed for the same medication in the 180 days immediately before the last refill

Exceptions to the supply limit are allowed:

- A pharmacist can approve an early refill of a prescription for eye drops or eye ointment in some cases. If you must pay a copay for the drug, the full copay is required for the early refill.
- A different supply can be allowed so that a new drug can be refilled at the same time as drugs that you are already taking. We will pro-rate the cost-shares to the exact number of days early that the refill is dispensed.

The plan can also cover more than the 30-day or 90-day supply limit if the drug maker’s packaging does not let the exact amount be dispensed. If you must pay a copay for the drug, you pay one copay for each 30-day supply from a retail pharmacy or one copay for each 90-day supply from the in-network mail-order pharmacy.

7. What other pharmacy services does my health plan cover?

This benefit is limited to covered prescription drugs and specified supplies and devices dispensed by a licensed pharmacy. Other services, such as consultations with a pharmacist, diabetic education or medical equipment, are covered by the medical benefits of this plan, and are described elsewhere in this booklet.

Drug Discount Programs

Pharmacy Benefit Drug Program For pharmacy benefit claims, Premera Blue Cross will pay the Group prescription drug rebate payment equal to a specific amount per paid brand-name prescription drug claim. Prescription drug rebates Premera Blue Cross receives from its pharmacy benefit manager in connection with Premera Blue Cross's overall pharmacy benefit utilization may be more or less than the Group rebate payment. The Group's rebate payment shall be made to the Group on a plan year quarterly basis unless agreed upon otherwise.

The allowed amount for prescription drugs may be higher than the price paid to the pharmacy benefit manager for those prescription drugs.

Premera Blue Cross and the Group agree that the difference between the allowed amount for prescription drugs and the price paid to the pharmacy benefit manager, and the prescription drug payments received by Premera Blue Cross from its pharmacy benefit manager, constitutes Premera Blue Cross property, and not part of the compensation payable under Premera Blue Cross's contract with the Group, and that Premera Blue Cross is entitled to retain and shall retain such amounts and may apply them to the cost of its operations and the pharmacy benefit.

Medical Benefit Drug Program The medical benefit drug program is separate from the pharmacy program. It includes claims for drugs delivered as part of medical services. For medical benefit drug claims, Premera Blue Cross may contract with subcontractors that have rebate contracts with various manufacturers. Rebate subcontractors retain a portion of rebates collected as a rebate administration fees. Premera Blue Cross retains a portion of the rebate and describes the medical benefit drug rebate in the Group's annual accounting report. The Group's medical benefit drug rebate payment shall be made to the Group on an annual basis when the rebate is $500 or more. If less than $500, Premera will retain the medical benefit drug rebates.

About Preventive Care

Preventive care is a set of evidence-based services. These services are based on guidelines required under state or federal law. The guidelines come from:

- Services that the United States Preventive Services Task Force has given an A or B rating
- Immunizations that the Centers for Disease Control and Prevention recommends
- Screening and other care for women, babies, children and teens that the Health Resources and Services Administration recommends.
- Services that meet the standards in Washington state law.

Please go to this government website for more information:
https://www.healthcare.gov/coverage/preventive-care-benefits/

The agencies above may also change their guidelines from time to time. If this happens, the plan will comply with the changes.

Some preventive services and tests have limits on how often you should get them. The limits are often based on your age or gender. For some services, the number of visits covered as preventive depends on your medical needs. After one of these limits is reached, these services are not covered in full and you may have to pay more out-of-pocket costs.

Some of the covered services your doctor does during a routine exam may not be preventive at all. The plan would cover them under other benefits. They would not be covered in full.

For example:

During your preventive exam, your doctor may find a problem that needs further tests or screening for a proper diagnosis to be made. Or, if you have a chronic disease, your doctor may check your condition with tests. These types of tests help to diagnose or monitor your illness and would not be covered under the ***Preventive Care*** benefit. You would have to pay the cost share under the plan benefit that covers the service or test.

The *Preventive Care benefit* does not cover:

- Take-home drugs or over-the-counter items, such as male condoms. Please see ***Prescription Drug***.
- Routine newborn exams while the child is in the hospital after birth. Please see ***Newborn Care.***

The charge for the procedure itself is covered under this benefit, but the related services, such as anesthesia, are covered as part of the primary procedure. Please see the ***Hospital Inpatient*** and ***Surgery*** benefits.
- Routine vision and hearing exams
- Gym fees or exercise classes or programs
- Services or tests for a specific illness, injury or set of symptoms. Please see the plan's other benefits.
- Physical exams for basic life or disability insurance
- Work-related disability or medical disability exams

- The member has previously been treated in the approved physician's office and has established a patient-physician relationship with that physician.
- The e-visit is medically necessary for a covered illness or injury.

An e-visit is a structured, secure online consultation between the approved physician and the member. Each approved physician will determine which conditions and circumstances are appropriate for e-visits in their practice.

Please call Customer Service at the number shown on the back cover of this booklet for help in finding a physician approved to provide e-visits.

This benefit covers medical services only if provided by in-network providers or "Approved Transplant Centers." Covered Transplants

Organ transplants and bone marrow/stem cell reinfusion procedures must not be considered experimental or investigational for the treatment of your condition. (Please see the ***Definitions*** section in this booklet for the definition of "experimental/investigational services.") The plan reserves the right to base coverage on all of the following:

- Organ transplants and bone marrow/stem cell reinfusion procedures must meet the plan's criteria for coverage. The medical indications for the transplant, documented effectiveness of the procedure to treat the condition, and failure of medical alternatives are all reviewed.

  The types of organ transplants and bone marrow/stem cell reinfusion procedures that currently meet the plan's criteria for coverage are:

  - Heart
  - Heart/double lung
  - Single lung
  - Double lung
  - Liver
  - Kidney
  - Pancreas
  - Pancreas with kidney
  - Bone marrow (autologous and allogeneic)
  - Stem cell (autologous and allogeneic)

  Please Note: For the purposes of this plan, the term "transplant" doesn't include cornea transplantation, skin grafts or the transplant of blood or blood derivatives other than bone marrow or stem cells. These procedures are covered on the same basis as any other covered surgical procedure (please see the ***Surgery*** benefit).
- Your medical condition must meet the plan's written standards.
- The transplant or reinfusion must be furnished in an approved transplant center. (An "approved transplant center" is a hospital or other provider that's developed expertise in performing organ transplants, or bone marrow or stem cell reinfusion, and meets the other approval standards we use.) We have agreements with approved transplant centers in Washington and Alaska, and we have access to a special network of approved transplant centers around the country. Whenever medically possible, we'll direct you to an approved transplant center that we've contracted with for transplant services.

  Of course, if none of our centers or the approved transplant centers can provide the type of transplant you need, this benefit will cover a transplant center that meets the written approval standards we follow.

Recipient Costs

This benefit covers transplant and reinfusion-related expenses, including the preparation regiment for a bone marrow or stem cell reinfusion. Also covered are anti-rejection drugs administered by the transplant center during the inpatient or outpatient stay in which the transplant was performed.

WHAT DO I DO IF I'M OUTSIDE WASHINGTON AND ALASKA?

OUT-OF-AREA CARE

As a member of the Blue Cross Blue Shield Association ("BCBSA"), Premera Blue Cross has arrangements with other Blue Cross and Blue Shield Licensees ("Host Blues") for care in Clark County, Washington and outside Washington and Alaska. These arrangements are called "Inter-Plan Arrangements." Our Inter-Plan Arrangements help you get covered services from providers within the geographic area of a Host Blue.

The BlueCard® Program is the Inter-Plan Arrangement that applies to most claims from Host Blues' in-network providers. The Host Blue is responsible for its in-network providers and handles all interactions with them. Other Inter-Plan Arrangements apply to providers that are not in the Host Blues' networks (non-contracted providers). This Out-Of-Area Care section explains how the plan pays both types of providers.

You getting services through these Inter-Plan Arrangements does not change what the plan covers, benefit levels, or any stated eligibility requirements. Please call us if your care needs prior authorization.

We process claims for the ***Prescription Drug*** benefit directly, not through an Inter-Plan Arrangement.

BlueCard Program

Except for copays, we will base the amount you must pay for claims from Host Blues' in-network providers on the lower of:

- The provider's billed charges for your covered services; or
- The allowed amount that the Host Blue made available to us.

Often, the allowed amount is a discount that reflects an actual price that the Host Blue pays to the provider. Sometimes it is an estimated price that takes into account a special arrangement with a single provider or a group of providers. In other cases, it may be an average price, based on a discount that results in expected average savings for services from similar types of providers.

Host Blues may use a number of factors to set estimated or average prices. These may include settlements, incentive payments, and other credits or charges. Host Blues may also need to adjust their prices to correct their estimates of past prices. However, we will not apply any further adjustments to the price of a claim that has already been paid.

Clark County Providers Services in Clark County, Washington are processed through the BlueCard Program. Some providers in Clark County do have contracts with us. These providers will submit claims directly to us, and benefits will be based on our allowed amount for the covered service or supply.

Value-Based Programs You might have a provider that participates in a Host Blue's value-based program (VBP). Value-based programs focus on meeting standards for treatment outcomes, cost and quality, and for coordinating care when you are seeing more than one provider. The Host Blue may pay VBP providers for meeting the above standards. If the Host Blue includes charges for these payments in the allowed amount for a claim, you would pay a part of these charges if a deductible or coinsurance applies to the claim. If the VBP pays the provider for coordinating your care with other providers, you will not be billed for it.

Taxes, Surcharges and Fees

A law or regulation may require a surcharge, tax or other fee be added to the price of a covered service. If that happens, we will add that surcharge, tax or fee to the allowed amount for the claim.

Non-Contracted Providers

It could happen that you receive covered services from providers in Clark County, Washington and outside Washington and Alaska that do not have a contract with the Host Blue. In most cases, we will base the amount you pay for such services on either our allowed amount for these providers or the pricing requirements under applicable law. Please see ***Allowed Amount*** in ***Important Plan Information*** in this booklet for details on allowed amounts.

In these situations, you may owe the difference between the amount that the non-contracted provider bills and the payment the plan makes for the covered services as set forth above.

Blue Cross Blue Shield Global® Core

If you are outside the United States, Puerto Rico, and the U.S. Virgin Islands (the "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core. Blue Cross Blue Shield Global Core is unlike the BlueCard Program in the BlueCard service area in some ways. For instance, although Blue Cross Blue Shield Global Core helps you access a provider network, you will most likely have to pay the provider and send us the claim yourself in order for the plan to reimburse you. See ***How Do I File A Claim?*** for more information. However, if you need hospital inpatient care, the service center can often direct you to hospitals that will not require you to pay in full at the time of service. In such cases, these hospitals also send in the claim for you.

If you need to find a doctor or hospital outside the BlueCard service area, need help submitting claims or have other questions, please call the service center at 1-800-810-BLUE (2583). The center is open 24 hours a day, seven days a week. You can also call collect at 1-804-673-1177.

More Questions

If you have questions or need to find out more about the BlueCard Program, please call our Customer Service Department. To find a provider, go to **www.premera.com** or call 1-800-810-BLUE (2583). You can also get Blue Cross Blue Shield Global Core information by calling the toll-free phone number.

CARE MANAGEMENT

Care Management services work to help ensure that you receive appropriate and cost-effective medical care. Your role in the Care Management process is simple, but important, as explained below.

You must be eligible on the dates of service and services must be medically necessary. We encourage you to call Customer Service to verify that you meet the required criteria for claims payment.

PRIOR AUTHORIZATION

You must get Premera's approval for some services before the service is performed. This process is called prior authorization.

There are two different types of prior authorization required:

1. **Prior Authorization For Benefit Coverage** You must get prior authorization for certain types of medical services, equipment, and for most inpatient facility stays. This is so that Premera can confirm that these services are medically necessary and covered by the plan.
2. **Prior Authorization For In-Network Cost-Shares For Out-Of-Network Providers** You must get prior authorization in order for an out-of-network provider to be covered at the plan's in-network benefit level, except for emergency care. Please see ***Exceptions To Prior Authorization For Out-of-Network Providers*** below for more information.

How Prior Authorization Works

We will make a decision on a request for services that require prior authorization in writing within 5 calendar days of receipt of all information necessary to make the decision. The response will let you know whether the services are authorized or not, including the reasons why. If you disagree with the decision, you can ask for an appeal. See ***Complaints and Appeals***.

If your life or health would be in serious jeopardy if you did not receive treatment right away, you may ask for an expedited review. We will respond in writing as soon as possible, but no more than 48 hours after we get all the information we need to make a decision.

Our prior authorization will be valid for 90 calendar days. This 90-day period depends on your continued coverage under the plan. If you do not receive the services within that time, you will have to ask us for another prior authorization.

1. Prior Authorization for Benefit Coverage

Medical Services, Supplies or Equipment

The plan has a list of services, equipment, and facility types that must have prior authorization before you receive the service or are admitted as an inpatient at the facility. Please contact your in-network provider or Premera Customer Service before you receive a service to find out if your service requires prior authorization.

- **In-network providers or facilities** are required to request prior authorization for the service.
- **Out-of-network and out-of-area providers and facilities** will not request prior authorization for the service. You have to ask Premera to prior authorize the service.

It is a good idea to ask Premera for prior authorization when you see a non-contracted provider. It is to your advantage to know ahead of time if the plan is not going to cover a service, equipment, or an inpatient stay.

Prescription Drugs

The plan has a specific list of prescription drugs that must have prior authorization before you get them at a pharmacy. The list is on our website at **premera.com**. Your provider can ask for a prior authorization by faxing an accurately completed prior authorization form to us. This form is also on the pharmacy section of our website.

If your provider does not get prior authorization, when you go to the pharmacy to get your prescription, the pharmacy will tell you that you need it. You or your pharmacy should inform your provider of the need for prior authorization. Your provider can fax us an accurately completed prior authorization form for review.

You can buy the drug before it is prior authorized, but you must pay the full cost. If the drug is authorized after you bought it, you can send us a claim for reimbursement. Reimbursement will be based on the allowed amount. See ***How Do I File A Claim?*** for details.

Sometimes, benefits for some prescription drugs may be limited to one or more of the following:

- A set number of days' supply
- A specific drug or drug dose that is appropriate for a normal course of treatment
- A specific diagnosis
- You may need to get a prescription drug from an appropriate medical specialist
- You may have to try a generic drug or a specified brand name drug first

These limits are based on medical standards, the drug maker's advice, and your specific case. They are also based on FDA guidelines and medical articles and papers.

Exceptions To Prior Authorization For Benefit Coverage

The following services do not require prior-authorization for benefit coverage, but they have separate requirements:

- Emergency care and emergency hospital admissions, including emergency drug or alcohol detox in a hospital.
- Childbirth admission to a hospital, or admissions for newborns who need emergency medical care at birth.

Emergency and childbirth hospital admissions do not require prior authorization, but you must notify us as soon as reasonably possible.

2. Prior Authorization For Out-Of-Network Provider Coverage

Generally, non-emergent care by out-of-network providers is covered at a lower benefit level. However, you may ask for a prior authorization to cover the out-of-network provider at the in-network benefit level if the services are medically necessary and are only available from an out-of-network provider. You or the out-of-network provider must ask for prior authorization before you receive the services.

Please Note: It is your responsibility to get prior authorization for any services that require it when you see a provider that is out-of-network. If you do not get a prior authorization, the services will not be covered at the in-network benefit level.

The prior authorization request for an out-of-network provider must include the following:

- A statement explaining how the provider has unique skills or provides unique services that are medically necessary for your care, and that are not reasonably available from an in-network provider, and
- Medical records needed to support the request.

If the out-of-network services are authorized, the plan will cover the service at the in-network benefit level.

However, in addition to the cost shares, you must pay any amounts over the allowed amount if the provider does not have a contract with us or the local Blue Cross and/or Blue Shield Licensee. Amounts over the allowed amount do not count toward your plan deductible and out-of-pocket maximum.

Exceptions To Prior Authorization For Out-of-Network Providers

Out-of-network providers can be covered at the in-network benefit level without prior authorization for emergency care and hospital admissions for a medical emergency. This includes hospital admissions for emergency drug or alcohol detox or for childbirth.

If you are admitted to an out-of-network hospital due to an emergency condition, those services are always covered at the in-network benefit level. The plan will continue to cover those services until you are medically stable and can safely transfer to an in-network hospital. **In addition to the plan's cost shares, you will be required to pay any amounts over the allowed amount if the provider does not have a contract with us or the local Blue Cross and/or Blue Shield Licensee. Any amounts you pay over the allowed amount do not count toward your plan deductible and out-of-pocket maximum.**

If you choose to stay in the out-of-network hospital after you are medically stable and can safely transfer to an in-network hospital, you may be subject to additional charges which may not be covered by your plan.

CLINICAL REVIEW

Premera Blue Cross has developed or adopted guidelines and medical policies that outline clinical criteria used to make medical necessity determinations. The criteria are reviewed annually and are updated as needed to ensure our determinations are consistent with current medical practice standards and follow national and regional norms. Practicing community doctors are involved in the review and development of our internal criteria. Our medical policies are on our website. You or your provider may review them at **www.premera.com**. You or your provider may also request a copy of the criteria used to make a medical necessity decision for a particular condition or procedure. To obtain the information, please send your request to ***Care Management*** at the address or fax number shown on the back cover.

Premera Blue Cross reserves the right to deny payment for services that are not medically necessary or that are considered experimental/investigational. A decision by Premera Blue Cross following this review may be appealed in the manner described in ***Complaints And Appeals***.

In general, when there is more than one treatment option, the plan will cover the least costly option that will meet your medical needs. Premera Blue Cross works cooperatively with you and your physician to consider effective alternatives to hospital stays and other high-cost care to make better use of this plan's benefits.

In-Network providers may not bill members for these services and members are held harmless.

Serious Adverse Event means a hospital injury caused by medical management (rather than an underlying disease) that prolonged the hospitalization, and/or produces a disability at the time of discharge.

Never Events means events that should never occur, such as a surgery on the wrong patient, a surgery on the wrong body part or wrong surgery.

Not all medical errors are defined as serious adverse events or never events. WHAT IF I HAVE OTHER COVERAGE?

COORDINATING BENEFITS WITH OTHER HEALTH CARE PLANS

This plan coordinates benefits with other health care coverage you or your dependents may have. Coordination of Benefits is done based on a provision called ***Non-Duplication Of Benefits*** as described below.

All the benefits of your plan are subject to coordination of benefits (COB), but your plan coordinates dental benefits separately from medical benefits. Dental benefits are coordinated only with other plans' dental benefits, while medical benefits are coordinated only with other plans' medical benefits.

Types Of Health Care Coverage Subject To Coordination

The following types of coverage are included in this plan's coordination provisions:

- Group or individual health insurance plans, including student health care coverage sponsored by a school, college, or university.
- Labor organization plans, trusteed and association plans, and employee benefit organization plans.
- Health insurance plans provided to federal, state or local government employees.
- Other government-sponsored coverage such as Medicare, but not including worker's compensation coverage.

Primary vs. Secondary Plan

Primary plan is a plan that provides benefits as if you had no other coverage.

Secondary plan is a plan that is allowed to reduce its benefits in accordance with coordination of benefits rules. When this plan is secondary, it will provide benefits as explained in ***Non-Duplication Of Benefits*** later in this section.

Certain governmental plans, such as Medicaid, are always secondary by law. Except as required by law, Medicare supplement plans and other plans that don't coordinate benefits at all must pay as if they were primary.

A plan that doesn't have a COB provision that complies with this plan's rules is primary to this plan unless the rules of both plans make this plan primary. The exception is group coverage that supplements a package of benefits provided by the same group. Such coverage can be excess to the rest of that group's plan. An example is coverage paired with a closed panel plan to provide out-of-network benefits.

The first of the rules below to apply decides which plan is primary. If you have more than one secondary plan, the rules below also decide the order of the secondary plans to each other.

Non-Dependent Or Dependent The plan that doesn't cover you as a dependent is primary to a plan that does. However, if you have Medicare, and federal law makes Medicare secondary to your dependent coverage and primary to the plan that doesn't cover you as a dependent, then the order is reversed.

Dependent Children Unless a court decree states otherwise, the rules below apply. For the purpose of these rules, the custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than half of the calendar year, excluding any temporary visitation.

- **Birthday rule** When the parents are married or living together, whether or not they were ever married, the plan of the parent whose birthday falls earlier in the year is primary. If both parents have the same birthday, the plan that has covered the parent the longest is primary.
- When the parents are divorced, separated or not living together, whether or not they were ever married:
  - If a court decree makes one parent responsible for the child’s health care expenses or coverage, that plan is primary. If the parent who is responsible has no health coverage for the dependent, but that parent's spouse

does, that spouse's plan is primary. This rule and the court decree rules below apply to calendar years starting after the plan is given notice of the court decree.

- If a court decree assigns one parent primary financial responsibility for the child but doesn't mention responsibility for health care expenses, the plan of the parent with financial responsibility is primary.
- If a court decree makes both parents responsible for the child's health care expenses or coverage, the birthday rule determines which plan is primary.
- If a court decree requires joint custody without making one parent responsible for the child's health care expenses or coverage, the birthday rule determines which plan is primary.
- If there is no court decree allocating responsibility for the child's expenses or coverage, the rules below apply:
  - The plan covering the custodial parent, first
  - The plan covering the spouse of the custodial parent, second
  - The plan covering the non-custodial parent, third
  - The plan covering the spouse of the non-custodial parent, last
- If a child is covered by individuals other than parents or stepparents, the above rules apply as if those individuals were the parents.

Retired Or Laid-Off Employee The plan that covers you as an active employee (an employee who is neither laid off nor retired) is primary to a plan covering you as a retired or laid-off employee. The same is true if you are covered as both a dependent of an active employee and a dependent of a retired or laid-off employee.

Continuation Coverage If you have coverage under COBRA or other continuation law, that coverage is secondary to coverage that isn't through COBRA or other continuation law.

Please Note: The retiree/layoff and continuation rules don't apply when both plans don't have the rule or when the "non-dependent or dependent" rule can decide which of the plans is primary.

Length Of Coverage The plan that covered you longer is primary to the plan that didn't cover you as long. If we do not have your start date under the other plan, we will use the employee's hire date with the other group instead. We will compare that hire date to the date your coverage started under this plan to find out which plan covered you for the longest time.

If none of the rules above apply, the plans must share the allowable expenses equally.

This plan requires you or your provider to ask for prior authorization from Premera Blue Cross before you get certain services or drugs. Your other plan may also require you to get prior authorization for the same service or drug. In that case, when this plan is secondary to your other plan, you will not have to ask Premera for prior authorization of any service or drug for which you asked for prior authorization from your other plan. This does not mean that this plan will cover the service or drug. The service or drug will be reviewed once we receive your claim.

Non-Duplication Of Benefits

When this plan is secondary, coordination is based on a process called "non-duplication of benefits." This is a three-step process where we: (1) calculate what this plan would have paid if it had been primary; (2) calculate this plan's secondary payment by subtracting what the primary plan paid from what this plan would have paid if it had been primary; and, (3) determine the amount you are responsible for. This amount will depend on how much your primary plan paid, this plan's allowed amount, and whether you received services from an in-network or out-of-network provider.

When the primary plan pays an amount equal to or greater than what this plan would have paid if it had been primary, this plan will pay nothing.

The following examples show how non-duplication of benefits works for both in-network and out-of-network providers. These examples assume deductibles are met, and this plan pays 90% of allowed amounts for in-network providers, and 70% for out-of-network providers. In the examples, the following amounts are used:

Provider's billed charge: $200.00

This plan's allowed amount: $180.00

Amount primary plan paid:.....$125.00

Example 1 - in-Network Provider

Step 1: Calculate what this plan would have paid if it had been the primary plan:

90% of $180.00 (allowed amount) = $162.00.

Step 2: Calculate the amount this plan pays as the secondary plan by subtracting the primary plan's payment from what this plan would have paid if it had been primary.

$162.00 (amount this plan would pay if primary) - $125.00 (other plan payment) = $37.00.

Step 3: Calculate the amount that is your responsibility. Because in this example an in-network provider was used, the amount you are responsible for is this plan's allowed amount minus what the primary and secondary plans have paid. The difference between the provider's billed charge and the allowed amount is written off by the in-network provider.

$180.00	Premera Blue Cross allowed amount
-$125.00	Primary plan's payment
-$ 37.00	Secondary (this plan's) payment
$ 18.00	Amount you are responsible for (our allowed amount minus payments from both plans.)

Example 2 - Out-Of-Network Provider

Step 1: Calculate what this plan would have paid if it had been the primary plan:

70% of $180.00 allowed amount = $126.00

Step 2: Calculate this plan's secondary payment by subtracting the primary plan's payment from what this plan would have paid if it had been primary:

$126.00 - $125.00 = $1.00

Step 3: Calculate the amount that is your responsibility. Because in this example an out-of-network provider was used, you are responsible for all amounts billed that are not paid by the primary and secondary plans:

$200.00	Provider's billed charge *
- $125.00	Primary plan's payment
- $ 1.00	Secondary (this plan's) payment
$ 74.00	Amount you are responsible for (provider's billed charge minus payments from both plans.) *

*Actual amount may be less if provider has a network agreement with the primary plan.

Right Of Recovery/Facility Of Payment If your other plan makes payments that this plan should have made, the plan has the right to remit to the other plan the amount that is needed to comply with COB. To the extent of such payments, the plan is fully discharged from liability. The plan also has the right to recover any payment over the maximum amount required under COB. The plan can recover excess payment from anyone to whom or for whom the payment was made or from any other issuers or plans. This plan has the right to appoint a third party to act on its behalf in recovery efforts.

THIRD PARTY RECOVERY

General

If you become ill or are injured by the actions of a third party, your medical care should be paid by that third party. For example, if you are hurt in a car crash, the other driver or his or her insurance company may be required under law to pay for your medical care.

This plan does not pay for claims for which a third party is responsible. However, the plan may agree to advance benefits for your injury with the understanding that it will be repaid from any recovery received from the third party. By accepting plan benefits for the injury, you agree to comply with the terms and conditions of this section.

In addition, the plan maintains a right of subrogation, meaning the right of the plan to be substituted in place of the member who received benefits with respect to any lawful claim, demand, or right of action against any third party that may be liable for the injury, illness or medical condition that resulted in payment of plan benefits. The third

party may not be the actual person who caused the injury and may include an insurer to which premiums have been paid.

The plan administrator has discretion to interpret and to apply the terms of this section. It has delegated such discretion to Premera Blue Cross and its affiliate to the extent we need in order to administer this section.

Definitions

The following definitions shall apply to this section:

Injury An injury or illness that a third party is or may be liable for.

Recovery All payments from another source that are related in any way to your injury for which plan benefits have also been paid. This includes any judgment, award, or settlement. It does not matter how the recovery is termed, allocated, or apportioned or whether any amount is specifically included or excluded as a medical expense. Recoveries may also include recovery for pain and suffering, non-economic damages, or general damages. This also includes any amounts put into a trust or constructive trust set up by or for you or your family, beneficiaries or estate as a result of your injury.

Reimbursement Amount The amount of benefits paid by the plan for your injury and that you must pay back to the plan out of any recovery per the terms of this section.

Responsible Third Party A third party that is or may be responsible under the law (“liable”) to pay you back for your injury.

Third Party A person; corporation; association; government; insurance coverage, including uninsured/underinsured motorist (UM/UIM), personal umbrella coverage, personal injury protection (PIP) insurance, medical payments coverage from any source, or workers’ compensation coverage. The third party may not be the actual party who caused the injury, and may include an insurer.

Note: For this section, a third party does not include other health care plans that cover you.

You In this section, “you” includes any lawyer, guardian, or other representative that is acting on your behalf or on the behalf of your estate in pursuing a repayment from responsible third parties.

Exclusions

- **Benefits From Other Sources** Benefits are not available under this plan when coverage is available through:
  - Motor vehicle medical or motor vehicle no-fault
  - Any type of no-fault coverage, such as Personal injury protection (PIP), Medical Payment coverage, or Medical Premises coverage
  - Boat coverage
  - School or athletic coverage
  - Any type of liability insurance, such as home owners' coverage or commercial liability coverage
  - Any type of excess coverage
- **Work-Related Illness Or Injury**

  This plan does not cover any illness, condition or injury benefits under:
  - Separate coverage for illness or injury on the job
  - Workers’ compensation laws
  - Any other law that would pay you for an illness or injury you get on the job.

  However, this exclusion doesn’t apply to owners, partners or executive officers who are full-time employees of the Group if they’re exempt from the above laws and if the Group doesn’t furnish them with workers’ compensation coverage. They’ll be covered under this plan for conditions arising solely from their occupations with the Group. Coverage is subject to the other terms and limitations of this plan.

These exclusions apply when the available or existing contract or insurance is either issued to a member or makes benefits available to a member, whether or not the member makes a claim under such coverage. Further, the member is responsible for any cost-sharing required by motor vehicle coverage, unless applicable state law requires otherwise. If other insurance is available for medical bills, the member must choose to put the benefit to use towards those medical bills before coverage under this plan is available. Once benefits under such contract or insurance have been used and exhausted or considered to no longer be injury-related under the no-fault provisions of the contract, this plan's benefits will be provided.

Reimbursement and Subrogation Rights

If the plan advances payment of benefits to you for an injury, the plan has the right to be repaid in full for those benefits.

- The plan has the right to be repaid first and in full, without regard to lawyers' fees or legal expenses, make-whole doctrine, the common fund doctrine, your negligence or fault, or any other common law doctrine or state statute that the plan is not required to comply with that would restrict the plan's right to reimbursement in full. The reimbursement to the plan shall be made directly from the responsible third party or from you, your lawyer or your estate.
  - The plan shall also be entitled to reimbursement by asking for refunds from providers for the claims that it had already paid.
- The plan's right to reimbursement first and in full shall apply even if:
  - The recovery is not enough to make you whole for your injury.
  - The funds have been commingled with other assets. The plan may recover from any available funds without the need to trace the source of the funds.
  - The member has died as a result of the injury and a representative is asserting a wrongful death or survivor claim against the third party.
  - The member is a minor, disabled person, or is not able to understand or make decisions.
  - The member did not make a claim for medical expenses as part of any claim or demand
- Any party who distributes your recovery funds without regard to the plan's rights will be personally liable to the plan for those funds.
- In any case where the plan has the right to be repaid, the plan also has the right of subrogation. This means that the Plan Administrator can choose to take over your right to receive payments from any responsible third party. For example, the plan can file its own lawsuit against a responsible third party. If this happens, you must co-operate with the plan as it pursues its claim.

  The plan shall also have the right to join or intervene in your suit or claim against a responsible third party.
- You cannot assign any rights or causes of action that you might have against a third party tortfeasor, person, or entity, which would grant you the right to any recovery without the express, prior written consent of the plan.

Your Responsibilities

- If any of the requirements below are not met, the plan shall:
  - Deny or delay claims related to your injury
  - Recoup directly from you all benefits the plan has provided for your injury
  - Deduct the benefits owed from any future claims
- You must notify Premera Blue Cross of the existence of the injury immediately and no later than 30 days of any claim for the injury.
- You must notify the third parties of the plan's rights under this provision.
- You must cooperate fully with the plan in the recovery of the benefits advanced by the plan and the plan's exercise of its reimbursement and subrogation rights. You must take no action that would prejudice the plan's rights. You must also keep the plan advised of any changes in the status of your claim or lawsuit.
- If you hire a lawyer, you must tell Premera Blue Cross right away and provide the contact information.

  Neither the plan nor Premera Blue Cross shall be liable for any costs or lawyer's fees you must pay in pursuing your suit or claim. You shall defend, indemnify and hold the plan and Premera Blue Cross harmless from any claims from your lawyer for lawyer's fees or costs.
- You must complete and return to the plan an Incident Questionnaire and any other documents required by the plan.

  Claims for your injury shall not be paid until Premera Blue Cross receives a completed copy of the Incident Questionnaire when one was sent.
- You must tell Premera Blue Cross if you have received a recovery. If you have, the plan will not pay any more claims for the injury unless you and the plan agree otherwise.
- You must notify the plan at least 14 days prior to any settlement or any trial or other material hearing concerning the suit or claim.

Reimbursement and Subrogation Procedures

If you receive a recovery, you or your lawyer shall hold the Recovery funds separately from other assets until the plan's reimbursement rights have been satisfied. The plan shall hold a claim, equitable lien, and constructive trust over any and all recovery funds. Once the plan's reimbursement rights have been determined, you shall make immediate payment to the plan out of the recovery proceeds.

If you or your lawyer do not promptly set the recovery funds apart and reimburse the plan in full from those funds, the plan has the right to take action to recover the reimbursement amount. Such action shall include, but shall not be limited to one or both of the following:

- Initiating an action against you and/or your lawyer to compel compliance with this section.
- Withholding plan benefits payable to you or your family until you and your lawyer complies or until the reimbursement amount has been fully paid to the plan.

WHO IS ELIGIBLE FOR COVERAGE?

This section of your booklet describes who is eligible for coverage.

Please note that you do not have to be a citizen of or live in the United States if you are otherwise eligible for coverage.

EMPLOYEE ELIGIBILITY

To be an "eligible employee" under this plan, the employee must meet the following requirement:

- Be a full-time regular active, non-union employee, excluding the temporary, leased or seasonal employees who work 30 hours or more a week

Employees Performing Employment Services In Hawaii

For employers other than political subdivisions, such as state and local governments, and public schools and universities, the State of Hawaii requires that benefits for employees living and working in Hawaii (regardless of where the Group is located) be administered according to Hawaii law. If the Group is not a governmental employer as described in this paragraph, employees who reside and perform any employment services for the Group in Hawaii are not eligible for coverage. When an employee moves to Hawaii and begins performing employment services for the Group there, he or she will no longer be eligible for coverage.

DEPENDENT ELIGIBILITY

To be a dependent under this plan, the family member must be:

- An eligible dependent child who is under 26 years of age, except as provided for in the ***How Do I Continue Coverage? Continued Eligibility for a Disabled Child*** provision.

  An eligible child is one of the following:

  - A natural offspring of either or both the subscriber or spouse
  - A legally adopted child of either or both the subscriber or spouse
  - A child placed with the subscriber for the purpose of legal adoption in accordance with state law. "Placed" for adoption means assumption and retention by the subscriber of a legal obligation for total or partial support of a child in anticipation of adoption of such child
  - A legally placed ward of the subscriber or spouse. There must be a court or other order signed by a judge or state agency, which grants guardianship of the child to the subscriber or spouse as of a specific date. When the court order terminates or expires, the child is no longer an eligible child.

WHEN DOES COVERAGE BEGIN?

ENROLLMENT

When the subscriber enrolls within 30 days of the date he or she becomes eligible to enroll, coverage for the subscriber and enrolled dependents will become effective as follows:

- If hired between the 1st and the 5th of the month, coverage will become effective on the subscriber's actual date of hire.
- If hired on or after the 6th of the month, coverage will begin on the first of the month following the subscriber's date of hire.

Note: Employees and dependents may only enroll under the Plan Sponsor's program once. This applies to families in which more than one member of the family is an eligible employee under this program.

Dependents Through Marriage After The Employee's Effective Date

When we receive the completed enrollment application and any required subscription charges within 30 days after the marriage, coverage will become effective on the first of the month following the date of marriage. If we don't receive the enrollment application within 30 days of marriage, please see the ***Open Enrollment*** provision later in this section.

Natural Newborn Children Born On Or After The Employee's Effective Date

When you enroll your newborn child(ren) within 60 days after birth, coverage will become effective on the date of birth. If you do not enroll these dependents within the 60 days from birth, refer to ***Open Enrollment*** on the following page.

Adoptive Children On Or After The Employee's Effective Date

When you enroll your adoptive child(ren) within 60 days after placement with the employee for adoption, coverage will become effective on the date of placement for adoption. If you do not enroll these dependents within the 60 days from placement for adoption, refer to ***Open Enrollment*** on the following page.

Children Through Legal Guardianship

When you enroll your ward within 30 days of the date legal guardianship began with the employee, coverage for an otherwise eligible child will become effective on the first of the month following the date legal guardianship began. If you do not enroll these dependents within 30 days from the date legal guardianship began with the employee, refer to ***Open Enrollment*** on the following page.

Children Covered Under Medical Child Support Orders

When you enroll your child within 30 days of the date of the medical child support order, coverage for an otherwise eligible child that is required under the order will become effective on the first of the month following the date of the order. Otherwise, coverage will become effective on the first of the month following the date you enroll your child for coverage. Enrollment may be made by the employee, the child's custodial parent, a state agency administering Medicaid, or a state child support enforcement agency. When required charges being paid do not already include coverage for dependent children, such charges will begin from the child's effective date.

SPECIAL ENROLLMENT

The plan allows employees and dependents to enroll outside the plan's annual open enrollment period, if any, only in the cases listed below. In order to be enrolled, the applicant may be required to give us proof of special enrollment rights. If a completed enrollment application is not received within the time limits stated below, further chances to enroll, if any, depend on the normal rules of the plan that govern late enrollment.

Involuntary Loss of Other Coverage

If an employee and/or dependent doesn't enroll in this plan or another plan sponsored by the Group when first eligible because they aren't required to do so, that employee and/or dependent may later enroll in this plan outside of the annual open enrollment period if each of the following requirements is met:

- The employee and/or dependent was covered under group health coverage or a health insurance plan at the time coverage under the Group's plan is offered
- The employee and/or dependent's coverage under the other group health coverage or health insurance plan ended as a result of one of the following:
  - Loss of eligibility for coverage for reasons including, but not limited to legal separation, divorce, death, termination of employment or the reduction in the number of hours of employment
  - Termination of employer contributions toward such coverage
  - The employee and/or dependent was covered under COBRA at the time coverage under this plan was previously offered and COBRA coverage has been exhausted

An eligible employee who qualifies as stated above may also enroll all eligible dependents. When only an eligible dependent qualifies for special enrollment, but the eligible employee isn't enrolled in any of the Group's plans or is enrolled in a different plan sponsored by the Group, the employee is also allowed to enroll in this plan in order for the dependent to enroll.

We must receive the completed enrollment application and any required subscription charges from the Group within 30 days of the date such other coverage ended. When the 30-day time limit is met, coverage will start on the first of the month that next follows the last day of the other coverage.

Employee And Dependent Special Enrollment

An eligible employee and otherwise eligible dependents who previously elected not to enroll in any of the employer's group health plans when such coverage was previously offered, may enroll in this plan at the same time a new dependent is enrolled under ***Enrollment*** in the case of marriage, birth or adoption. The eligible employee may also choose to enroll alone, enroll with some or all eligible dependents, or change plans, if applicable.

State Medical Assistance and Children's Health Insurance Program

Employees and dependents who are eligible as described in ***Who Is Eligible For Coverage?*** have special enrollment rights under this plan if one of the statements below is true:

- The person is eligible for state medical assistance, and the Washington State Department of Social and Health Services (DSHS) determines that it is cost-effective to enroll the person in this plan.
- The person qualifies for premium assistance under the state's medical assistance program or Children's Health Insurance Program (CHIP).
- The person no longer qualifies for health coverage under the state's medical assistance program or CHIP.

To be covered, the eligible employee or dependent must apply and any required subscription charges must be paid no more than 60 days from the date the applicable statement above is true. An eligible employee who elected not to enroll in this plan when such coverage was previously offered, must enroll in this plan in order for any otherwise eligible dependents to be enrolled in accordance with this provision. Coverage for the employee will start on the date the dependent's coverage starts.

OPEN ENROLLMENT

If you're not enrolled when you first become eligible, or as allowed under ***Special Enrollment*** above, you can't be enrolled until the Group's next open enrollment period. An open enrollment period occurs once a year unless determined otherwise by the Group. During this period, eligible employees and their dependents can enroll for coverage under this plan.

If the Group offers multiple health care plans and you're enrolled under one of the Group’s other health care plans, enrollment for coverage under this plan can only be made during the Group’s open enrollment period.

CHANGES IN COVERAGE

No rights are vested under this plan. The Group may change its terms, benefits and limitations at any time. Changes to this plan will apply as of the date the change becomes effective to all members and to eligible employees and dependents who become covered under this plan after the date the change becomes effective.

PLAN TRANSFERS

Subscribers (with their enrolled dependents) may be allowed to transfer to this plan from another plan offered by the Group. Transfers also occur if the Group replaces another plan with this plan. All transfers to this plan must occur during open enrollment or on another date set by the Group.

When you transfer from the Group’s other plan, and there’s no lapse in your coverage, the following provisions that apply to this plan will be reduced to the extent they were satisfied under the prior plan:

- Benefit maximums
- Out-of-pocket maximum
- Plan year deductible. Please note: This plan applies only expenses incurred in the current plan year to the current year's plan year deductible. So, we will credit expenses that were applied to your prior plan's plan year deductible **only** when they were incurred during the current plan year.

WHEN WILL MY COVERAGE END?

EVENTS THAT END COVERAGE

Coverage will end without notice on the last day of the month in which one of these events occurs:

- For the subscriber and dependents when:
  - The next required monthly charge for coverage isn't paid when due or within the grace period
  - The subscriber dies or is otherwise no longer eligible as a subscriber
- For a spouse when his or her marriage to the subscriber is annulled, or when he or she becomes legally separated or divorced from the subscriber
- For a child when he or she cannot meet the requirements for dependent coverage shown under the ***Who Is Eligible For Coverage?*** section.

The subscriber must promptly notify the Group when an enrolled family member is no longer eligible to be enrolled as a dependent under this plan.

PLAN TERMINATION

No rights are vested under this plan. The Group is not required to keep the plan in force for any length of time. The Group reserves the right to change or terminate this plan, in whole or in part, at any time with no liability. Plan changes are made as described in ***Changes In Coverage*** in this booklet. If the plan were to be terminated, you would only have a right to benefits for covered care you receive before the plan's end date.

HOW DO I CONTINUE COVERAGE?

CONTINUED ELIGIBILITY FOR A DISABLED CHILD

Coverage may continue beyond the limiting age (shown under ***Dependent Eligibility***) for a dependent child who can't support himself or herself because of a developmental or physical disability. The child will continue to be eligible if all the following are met:

- The child became disabled before reaching the limiting age
- The child is incapable of self-sustaining employment by reason of developmental or physical disability and is chiefly dependent upon the subscriber for support and maintenance
- The subscriber is covered under this plan
- The child's subscription charges, if any, continue to be paid
- Within 31 days of the child reaching the limiting age, the subscriber furnishes the Group with a Request for Certification of Disabled Dependent form. The Group must approve the request for certification for coverage to continue.
- The subscriber provides us with proof of the child's disability and dependent status when requested. Proof won't be requested more often than once a year after the 2-year period following the child's attainment of the limiting age.

LEAVE OF ABSENCE

Family and Medical Leave Act

This section applies only to groups that must comply with the Federal Family and Medical Leave Act (FMLA). Under FMLA, employers must let an employee and dependents stay on the plan during a leave of absence that meets the requirements of FMLA. Employees have this right if:

- **FMLA applies to the employer.** In general, employers must comply with FMLA if they have 50 or more employees. FMLA applies to public agencies and private elementary and secondary schools of any size.
- **The employee meets FMLA requirements.** Employees can keep coverage during an FMLA leave only if they have worked for the employer for 12 months or more and have worked at least 1,250 hours during the last 12 months before the leave is to start.
- **The employer approves the leave.**
- **The leave of absence qualifies under FMLA.** These leaves are called “FMLA Leaves” in this booklet. The leave can be unpaid, but the employer must protect the employee's job during the FMLA leave.

- FMLA requires covered employers to provide employees up to 12 weeks of leave during a 12-month period for any of the reasons below:
  - For incapacity due to pregnancy, medical care during pregnancy or childbirth.
  - To care for a child after birth or placement for adoption or foster care.
  - To care for a spouse, child or parent who has a serious health condition.
  - For a health condition so serious that the employee cannot do his or her job.
  - In some situations that come up because the employee's spouse, child or parent is on or is called to active duty in the armed forces overseas.
- FMLA also lets employees take up to 26 weeks of leave during a 12-month period to care for a spouse, child, parent or next of kin who is a covered member of the armed forces and who has a serious injury or illness. “Covered member of the armed forces” also means a veteran who was discharged from the armed forces (other than a dishonorable discharge) at any time during the 5 years before the FMLA leave starts.

The subscriber must pay his or her normal share of the subscription charges during the leave.

The subscriber and some or all covered family members can choose not to stay on the plan during the FMLA leave. In that case, they can be enrolled again when the subscriber returns to work at the end of the FMLA leave. Coverage will start on the date the subscriber returns to work.

If the subscriber does not return to work at the end of the FMLA leave, the subscriber and covered family members will have a right to elect COBRA coverage. The FMLA leave period does not count as part of the COBRA period.

Eligible subscribers must give the Group 30 days advance notice when they know ahead of time that they need to take a leave of absence.

This is only a summary of what FMLA requires. Please contact the Group to learn more about FMLA leaves. If the FMLA requirements change, this plan will comply with the changes.

The Group must keep Premera Blue Cross advised about the eligibility for coverage of any employee who may have a right to benefits under FMLA.

Other Leaves of Absence

Coverage for a subscriber and enrolled dependents may be continued for up to 90 days, or as otherwise required by state or other federal laws, when the employer grants the subscriber a leave of absence and subscription charges continue to be paid. The requirements and the length of leave may vary. Please contact the Group for details.

The leave of absence period counts toward the maximum COBRA continuation period, except as prohibited by the Family and Medical Leave Act of 1993.

LABOR DISPUTE

A subscriber may pay subscription charges through the Group to keep coverage in effect for up to 6 months in the event of suspension of compensation due to a lockout, strike, or other labor dispute.

The 6-month labor dispute period counts toward the maximum COBRA continuation period.

COBRA

When group coverage is lost because of a “qualifying event” shown below, federal laws and regulations known as “COBRA” require the Group to offer qualified members an election to continue their group coverage for a limited time. Under COBRA, a qualified member must apply for COBRA coverage within a certain time period and may also have to pay a monthly charge for it.

The plan will provide qualified members with COBRA coverage when COBRA's enrollment and payment requirements are met. But, coverage is provided only to the extent that COBRA requires and is subject to the other terms and limitations of this plan. The Group, **not us**, is responsible for all notifications and other duties assigned by COBRA to the “plan administrator” within COBRA's time limits.

The following summary of COBRA coverage is taken from COBRA. Members’ rights to this coverage and obligations under COBRA automatically change with further amendments of COBRA by Congress or interpretations of COBRA by the courts and federal regulatory agencies.

Qualifying Events And Length Of Coverage

Please contact the Group immediately when one of the qualifying events highlighted below occurs. The continuation periods listed extend from the date of the qualifying event.

- The Group must offer the subscriber and covered dependents an election to continue coverage for up to 18 consecutive months if their coverage is lost because of 1 of 2 qualifying events:
  - **The subscriber's work hours are reduced.**
  - **The subscriber's employment terminates, except for discharge due to actions defined by the Group as gross misconduct.**

  However, if one of the events listed above follows the covered employee's entitlement to Medicare by less than 18 months, the Group must offer the covered spouse and children an election to continue coverage for up to 36 months starting from the date of the Medicare entitlement.
- COBRA coverage can be extended if a member who lost coverage due to a reduction in hours or termination of employment is determined to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act at any time during the first 60 days of COBRA coverage. In such cases, all family members who elected COBRA may continue coverage for up to a total of 29 consecutive months from the date of the reduction in hours or termination.
- The Group must offer the covered spouse or children an election to continue coverage for up to 36 consecutive months if their coverage is lost because of 1 of 4 qualifying events:
  - **The subscriber dies.**
  - **The subscriber and spouse legally separate or divorce.**
  - **The subscriber becomes entitled to Medicare.**
  - **A child loses eligibility for dependent coverage.**

  In addition, the occurrence of one of these events during the 18-month period described above can extend that period for a continuing dependent. This happens only if the event would have caused a similar dependent who was not on COBRA coverage to lose coverage under this plan. The extended period will end no later than 36 months from the date of the first qualifying event.

Conditions Of COBRA Coverage

For COBRA coverage to become effective, all of the requirements below must be met:

You Must Give Notice Of Some Qualifying Events

The plan will offer COBRA coverage only after the Group receives timely notice that a qualifying event has occurred.

The subscriber or affected dependent must notify the Group in the event of a divorce, legal separation, child's loss of eligibility as a dependent, or any second qualifying event which occurs within the 18-month period as described in ***Qualifying Events and Length Of Coverage***. The subscriber or affected dependent must also notify the Group if the Social Security Administration determines that the subscriber or dependent was disabled on any of the first 60 days of COBRA coverage. You also have the right to appoint someone to give the Group this notice for you.

If the required notice is not given or is late, the qualified member loses the right to COBRA coverage. Except as described below for disability notices, the subscriber or affected dependent has 60 days in which to give notice to the Group. The notice period starts on the date shown below.

- For determinations of disability, the notice period starts on the **later** of: 1) the date of the subscriber's termination or reduction in hours; 2) the date the qualified member would lose coverage as the result of one of these events; or 3) date of the disability determination. **Please note: Determinations that a qualified member is disabled must be given to the Group before the 18-month continuation period ends. This means that the subscriber or qualified member might not have the full 60 days in which to give the notice.** Please include a copy of the determination with your notice to the Group.

  Note: The subscriber or affected dependent must also notify the Group if a qualified member is deemed by the Social Security Administration to no longer be disabled. See ***When COBRA Coverage Ends***.
- For the other events above, the 60-day notice period starts on the **later** of: 1) the date of the qualifying event, or 2) the date the qualified member would lose coverage as a result of the event.

Important Note: The Group must tell you where to direct your notice and any other procedures that you must follow. If the Group informs you of its notice procedures after the notice period start date above for your qualifying event, the notice period will not start until the date you're informed by the Group.

The Group must notify qualified members of their rights under COBRA. If the Group has named a third party as its plan administrator, the plan administrator is responsible to notify members on behalf of the group. In such cases, the Group has 30 days in which to notify its plan administrator of a subscriber's termination of employment, reduction in hours, death or Medicare entitlement. The plan administrator then has 14 days after it receives notice of a qualifying event from the Group (or from a qualified member as stated above) in which to notify qualified members of their COBRA rights.

If the Group itself is the plan administrator, it has more than 14 days in which to give notice for certain qualifying events. The Group must furnish the notice required because of a subscriber's termination of employment, reduction in hours, death or Medicare entitlement no later than 44 days after the **later** of 1) the date of the qualifying event, or 2) the date coverage would end in the absence of COBRA. For all other qualifying events, the 14-day notice time limit applies.

You Must Enroll And Pay On Time

- You must elect COBRA coverage no more than 60 days after the **later** of 1) the date coverage was to end because of the qualifying event, or 2) the date you were notified of your right to elect COBRA coverage. You may be eligible for a second COBRA election period if you qualify under section 201 of the Federal Trade Act of 2002. Please contact the Group or your bargaining representative for more information if you believe this may apply to you.

  Each qualified member will have an independent right to elect COBRA coverage. Subscribers may elect COBRA coverage on behalf of their spouses, and parents may elect COBRA coverage on behalf of their children.
- You must send your first payment to the Group no more than 45 days after the date you elected COBRA coverage.
- Subsequent monthly payments must also be paid to the Group.

Adding Family Members

Eligible family members may be added after the continuation period begins, but only as allowed under ***Special Enrollment*** or ***Open Enrollment*** in the ***When Does Coverage Begin?*** section. With one exception, family members added after COBRA begins aren't eligible for further coverage if they later have a qualifying event or if they are determined to be disabled as described under ***Qualifying Events and Length Of Coverage*** earlier in this COBRA section. The exception is that a child born to or placed for adoption with a covered employee while the covered employee is on COBRA has the same COBRA rights as family members on coverage at the time of the original qualifying event. The child will be covered for the duration of the covered employee's initial 18-month COBRA period, unless a second qualifying event occurs which extends the child's coverage. COBRA coverage is subject to all other terms and limitations of this plan.

Keep The Group Informed Of Address Changes

In order to protect your rights under COBRA, you should keep the Group informed of any address changes. It is a good idea to keep a copy, for your records, of any notices you send to the Group.

When COBRA Coverage Ends

COBRA coverage will end on the last day for which any charge required for it has been paid in the monthly period in which the first of the following occurs:

- The applicable continuation period expires.
- The next monthly payment isn't paid when due or within the 30-day COBRA grace period.
- When coverage is extended from 18 to 29 months due to disability (see ***Qualifying Events and Length Of Coverage*** in this section), COBRA coverage beyond 18 months ends if there's a final determination that a qualified member is no longer disabled under the Social Security Act. However, coverage won't end on the date shown above, but on the last day for which subscription charges have been paid in the first month that begins more than 30 days after the date of the determination. The subscriber or affected dependent must provide the Group with a copy of the Social Security Administration's determination within 30 days after the **later** of: 1) the date of the determination, or 2) the date on which the subscriber or affected dependent was informed that this notice should be provided and given procedures to follow.

- You become covered under another group health care plan after the date you elect COBRA coverage.
- You become entitled to Medicare after the date you elect COBRA coverage.
- The Group ceases to offer group health care coverage to any employee.

If You Have Questions

Questions about your plan or your rights under COBRA should be addressed to the plan contacts provided by the Group. For more information about your rights under ERISA, COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at **www.dol.gov/ebsa**. Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.

OTHER CONTINUED COVERAGE OPTIONS

REHIRES

3 Consecutive Week Rule − The employee is treated as a new employee if the person had no hours of service for at least 13 consecutive weeks immediately preceding his/her return to work. If the break is < 13 weeks, the person is considered a continuing employee and treated as he/she was prior to the break in service (e.g. re-enter the initial measurement period, eligible, etc). If applicable, the employee must be offered health coverage by the first of the month following their return date.

CONTINUATION UNDER USERRA

The Uniformed Services Employment And Reemployment Rights Act (USERRA) protects the job rights (including enrollment rights on employer-provided health care coverage) of individuals who voluntarily or involuntarily leave employment positions to undertake military service. If you leave your job to perform military service, you have the right to elect to continue existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military. Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are re-employed, generally without any exclusions except for service-connected illnesses or injuries.

Contact your employer for information on USERRA rights and requirements. You may also contact the U.S. Department of Labor at 1-866-4-USA-DOL or visit its website at www.dol.gov/vets. An online guide to USERRA can be viewed at **webapps.dol.gov/elaws/vets/userra/**.

MEDICARE SUPPLEMENT COVERAGE

If you're enrolled in Parts A and B of Medicare, you may be eligible for guaranteed-issue coverage under certain Medicare supplement plans. You must apply within 63 days of losing coverage under this plan.

HOW DO I FILE A CLAIM?

Claims Other Than Prescription Drug Claims

Many providers will submit their bills to us directly. However, if you need to submit a claim, follow these simple steps:

Step 1

Complete a Subscriber Claim Form. A separate Subscriber Claim Form is necessary for each patient and each provider. You can order extra Subscriber Claim Forms by calling Customer Service.

Step 2

Attach the itemized bill. The itemized bill must contain all of the following information:

- Names of the subscriber and the member who incurred the expense
- Identification numbers for both the subscriber and the Group (these are shown on the subscriber's identification card)
- Name, address and IRS tax identification number of the provider
- Information about other insurance coverage

- Date of onset of the illness or injury
- Diagnosis or diagnosis code from the most current edition of the **International Classification of Diseases** manual.
- Procedure codes from the most current edition of the **Current Procedural Terminology** manual, the **Healthcare Common Procedure Coding** manual, or the **American Dental Association Current Dental Terminology** manual for each service
- Dates of service and itemized charges for each service rendered
- If the services rendered are for treatment of an injury, the date, time, location and a brief description of the event

Step 3

If you're also covered by Medicare, and Medicare is primary, you must attach a copy of the “Explanation of Medicare Benefits.”

Step 4

Check that all required information is complete. Bills received won't be considered to be claims until all necessary information is included.

Step 5

Sign the Subscriber Claim Form in the space provided.

Step 6

Mail your claims to us at the mailing address shown on the back cover of this booklet.

Prescription Drug Claims

To make a claim for covered prescription drugs, please follow these steps:

In-Network Pharmacies

For retail pharmacy purchases, you don't have to send us a claim. Just show your Premera Blue Cross ID card to the pharmacist, who will bill us directly. If you don't show your ID card, you'll have to pay the full cost of the prescription and submit the claim yourself.

For mail-order pharmacy purchases, you don't have to send us a claim, but you'll need to follow the instructions on the order form and submit it to the address printed on the form. Please allow up to 14 days for delivery.

Out-Of-Network Pharmacies

You'll have to pay the full cost for new prescriptions and refills purchased at these pharmacies. You'll need to fill out a prescription drug claim form, attach your prescription drug receipts and submit the information to the address shown on the claim form.

If you need a supply of in-network mail-order pharmacy order forms or prescription drug claim forms, contact our Customer Service department at the numbers shown on the back cover of this booklet.

Timely Filing

You should submit all claims within 90 days of the start of service or within 30 days after the service is completed. We must receive claims:

- Within 365 days of discharge for hospital or other medical facility expenses, or within 365 days of the date the expenses were incurred for any other services or supplies
- For members who have Medicare, within 90 days of the process date shown on the Explanation of Medicare Benefits, whichever is greater

The plan won't provide benefits for claims we receive after the later of these 2 dates except when required by law.

Special Notice About Claims Procedure

We'll make every effort to process your claims as quickly as possible. We process claims in the order in which we receive them. We'll tell you if this plan won't cover all or part of the claim no later than 30 days after we first receive it. This notice will be in writing. We can extend the time limit by up to 15 days if it's decided that more time is needed due to matters beyond our control. We'll let you know before the 30-day time limit ends if we need more time. If we need more information from you or your provider in order to decide your claim, we'll ask for that information in our notice and allow you or your provider at least 45 days to send us the information. In such cases, the time it takes to get the information to us doesn't count toward the decision deadline. Once we receive the information we need, we have 15 days to give you our decision.

If your claim was denied, in whole or in part, our written notice (see ***Notices***) will include:

- The reasons for the denial and a reference to the provisions of this plan on which it's based
- A description of any additional information needed to reconsider the claim and why that information is needed
- A statement that you have the right to appeal our decision
- A description of the plan's complaint and appeal processes

If there were clinical reasons for the denial, you'll receive a letter stating these reasons.

At any time, you have the right to appoint someone to pursue the claim on your behalf. This can be a doctor, lawyer or a friend or relative. You must notify us in writing and give us the name, address and telephone number where your appointee can be reached.

If all you have to pay is a copay for a covered service or supply, your payment of the copay to your provider is not considered a claim for benefits. You can call Customer Service to get a paper copy of an explanation of benefits for the service or supply. The phone number is on the back cover of your booklet and on your Premera ID card. Or, you can visit our website for secure online access to your claims. If your claim is denied in whole or in part, you may send us a complaint or appeal as outlined under ***Complaints And Appeals***.

If a claim for benefits or an appeal is denied or ignored, in whole or in part, or not processed within the time shown in this plan, you may file suit in a state or federal court.

COMPLAINTS AND APPEALS

We know healthcare doesn’t always work perfectly. Our goal is to listen, take care of you, and make it simple. If it doesn’t go the way you expect, you have two options:

- Complaint – is when you are not satisfied with customer service or with the quality of or access to medical care. You can call Customer Service if you have a complaint. We may ask you to send the details in writing. We will send a written response within 30 days.
- Appeal – is a request to review of a specific decision we have made.

WHAT YOU CAN APPEAL

Claims and Prior Authorization	Payment	Benefits or charges were not applied correctly, including a limit or restriction on otherwise covered benefits.
	Denied	Coverage of your service, supply, device or prescription was denied or partially denied. This includes prior authorization denials. It also includes denials of drugs not on the plan’s list of covered drugs. (See ***Prescription Drug*** for details).
Enrollment canceled or not issued	No Coverage	You are not eligible to enroll or stay in the plan

These are examples of adverse benefit determinations. Please see ***Definitions*** for more information.

The rest of this section will explain the appeal process. If you still have questions, please call Customer Service. Contact information is on the back of your Premera ID card.

APPEAL LEVELS

You have the right to three levels of appeals:

Appeal Level	What it means	Deadline to appeal
Level 1	This is your first appeal. Premera will review your appeal.	180 days from the date you were notified of our decision.
Level 2	If we deny your Level 1 appeal, you can appeal a second time. Premera will review your appeal.	60 days from the date you were notified of our Level 1 appeal decision.
External	If we deny your Level 2 appeal, you can ask for an Independent Review Organization (IRO) to review your appeal. OR You can ask for an IRO review if Premera has not made a decision by the deadline for the Level 1 appeal. There is no cost to you for an external appeal.	Four months from the date you were notified of our Level 2 appeal decision. OR Four months from the date the response to your Level 1 appeal was due, if you did not get a response or it was late.

HOW TO SUBMIT AN APPEAL

Here are your options for submitting an appeal:

- Submit an appeal form – go to premera.com to access our appeal form. You have the option of attaching additional documentation and a written statement.
- Call Customer Service to submit your appeal. See your Premera ID card for the phone number.
- Write to us at the address listed on the back of this booklet.

Submit supporting documentation. This may include chart notes, medical records, or a letter from your doctor.

If you need help filling out an appeal, or would like a copy of the appeals process, please call Customer Service.

If you would like to review the information used for your appeal, please call Customer Service. The information will be sent as soon as possible and free of charge.

Choose Someone To Appeal For You

Choose someone, including your doctor, to appeal on your behalf. **To choose someone else, complete a Member Appeal Form with Authorization located on premera.com.** We can't release your information without this form. You do not need an authorization if your provider is contracted with Premera.

Appeal Response Time Limits

We'll review your appeal and send a decision within the time limits below. The timeframes are based on what the appeal is about.

Type of appeal	When to expect a response
Urgent appeals	No later than 72 hours. We will call, fax, or email you with the decision, and follow up in writing
Pre-service appeals (a decision made by us before you received services)	Within 15 days
All other appeals	15-30 days
External appeals	• Urgent appeals within 72 hours • Other IRO appeals within 45 days after the IRO gets the information

IF WE NEED MORE TIME

For all other Level 1 and/or experimental and investigational appeals, we can extend the time limits. If we need more time beyond the appeal required timeframes, we will notify you and ask for your written agreement to a new response date.

WHAT HAPPENS IF YOU HAVE ONGOING CARE

Ongoing care is continuous treatment you are currently receiving, such as residential care, care for a chronic condition, inpatient care and rehabilitation.

If you appeal a decision that affects ongoing care because we've determined the care is no longer medically necessary, the plan will continue to cover your care during the appeal period. This continued coverage during the appeal period does not mean that the care is approved. If our decision is upheld, you must repay all amounts the plan paid for ongoing care during the appeal review.

WHAT HAPPENS IF IT'S URGENT

If your condition is urgent, you will get our response sooner. Please see the table above. Urgent appeals are only available for services you are currently receiving or have not yet received.

Examples of urgent situations are:

- Your life or health is in serious danger, or a delay in treatment would cause you to be in severe pain that you cannot bear, as determined by our medical professional or your treating physician
- You are requesting coverage for inpatient or emergency care that you are currently receiving

If your situation is urgent, you may ask for an expedited external appeal at the same time you request an expedited internal appeal.

HOW TO ASK FOR AN EXTERNAL REVIEW

- We will tell you about your right to an external review with the written decision of your internal appeal. Go to **premera.com** to access our external appeal form. You may also write to us directly to ask for an external appeal.
- Please include the signed external appeal form. You may also include medical records and other information.

We will forward your medical records and other information to the Independent Review Organization (IRO). We will notify you which IRO was selected to review your appeal. If you have additional information on your appeal, you may send it to the IRO directly within five business days.

ONCE THE IRO DECIDES

For urgent appeals, the IRO will inform you and Premera immediately. Premera will accept the IRO decision on behalf of the plan.

If the IRO:

- Reverses our decision, we will apply their decision quickly
- Stands by our decision, there is no further appeal. However, you may have other steps you can take under state or federal law, such as filing a lawsuit.

If you have questions about a denial of a claim or your appeal rights, you may call Customer Service at the number listed on your Premera ID card.

You can also contact the Employee Benefits Security Administration of the U.S. Department of Labor. The phone number is 1-866-444-EBSA (3272).

OTHER INFORMATION ABOUT THIS PLAN

This section tells you about how this plan is administered. It also includes information about federal and state requirements we and the Group must follow and other information that must be provided.

Conformity With The Law

If any provision of the plan or any amendment thereto is deemed to be in conflict with applicable state or federal laws or regulations, upon discovery of such conflict the plan will be administered in conformance with the requirements of such laws and regulations as of their effective date.

Evidence Of Medical Necessity

We have the right to require proof of medical necessity for any services or supplies you receive before benefits under this plan are provided. This proof may be submitted by you, or on your behalf by your health care providers. No benefits will be available if the proof isn't provided or acceptable to the plan.

Healthcare Providers — Independent Contractors

All healthcare providers who provide services and supplies to a member do so as independent contractors. None of the provisions of this plan or the contract between Premera Blue Cross and the Group are intended to create, nor shall they be deemed or construed to create, any employment or agency relationship between us and the provider of service other than that of independent contractors.

Intentionally False Or Misleading Statements

If this plan's benefits are paid in error due to a member's or provider's commission of fraud or providing any intentionally false or misleading statements, the plan is entitled to recover these amounts. Please see the ***Right Of Recovery*** provision later in this section.

And, if a member commits fraud or makes any intentionally false or misleading statements on any application or enrollment form that affects the member's acceptability for coverage, we may, as directed by the Group:

- Deny the member's claim
- Reduce the amount of benefits provided for the member's claim
- Void the member's coverage under this plan (void means to cancel coverage back to its effective date, as if it had never existed at all)

Please note: we cannot void your coverage based on a misrepresentation you made unless you have performed an act or practice that constitutes fraud; or made an intentional misrepresentation of material fact that affects your acceptability for coverage.

Member Cooperation

You're under a duty to cooperate with us and the Group in a timely and appropriate manner in our administration of benefits. You're also under a duty to cooperate with us and the Group in the event of a lawsuit.

Notice Of Information Use And Disclosure

We may collect, use, or disclose certain information about you. This protected personal information (PPI) may include health information, or personal data such as your address, telephone number or Social Security number. We may receive this information from, or release it to, health care providers, insurance companies, or other sources.

To safeguard your privacy, we take care to ensure that your information remains confidential by having a company confidentiality policy and by requiring all employees to sign it.

If a disclosure of PPI isn't related to a routine business function, we remove anything that could be used to easily identify you, or we obtain your prior written authorization.

We'll use the date of postmark in determining the date of our notification. If you are required to submit notice to us, it will be considered delivered 3 days after the postmark date, or if not postmarked, the date we receive it.

Right Of Recovery

On behalf of the plan, we have the right to recover amounts the plan paid that exceed the amount for which the plan is liable. Such amounts may be recovered from the subscriber or any other payee, including a provider. Or, such amounts may be deducted from future benefits of the subscriber or any of his or her dependents (even if the original payment wasn't made on that member's behalf) when the future benefits would otherwise have been paid directly to the subscriber or to a provider that does not have a contract with us.

Right To And Payment Of Benefits

Benefits of this plan are available only to members. Except as required by law, the plan won't honor any attempted assignment, garnishment or attachment of any right of this plan. In addition, members may not assign a payee for claims, payments or any other rights of this plan.

ERISA Plan Year

The ERISA Plan year ends each December 31.
The benefit plan year ends each June 30.

WHAT ARE MY RIGHTS UNDER ERISA?

As participants in an employee welfare benefit plan, subscribers have certain rights and protections. This section of this plan explains those rights.

ERISA provides that all plan participants shall be entitled to:

- Examine without charge, at the ERISA Plan administrator's office and at other specified locations (such as work sites and union halls), all documents governing the ERISA Plan, including insurance contracts and collective bargaining agreements. If the ERISA Plan is required to file an annual report with the U.S. Department of Labor, plan participants shall be entitled to examine a copy of its latest annual report (Form 5500 Series) filed and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the ERISA Plan administrator, copies of documents governing the operation of the ERISA Plan, including insurance contracts and collective bargaining agreements and updated summary plan descriptions. (Please note that this booklet by itself does not meet all the requirements for a summary plan description.) If the ERISA Plan is required to file an annual report with the U.S. Department of Labor, plan participants shall be entitled to obtain copies of the latest annual report (Form 5500 Series). The administrator may make a reasonable charge for the copies.
- Receive a summary of the ERISA Plan's annual financial report, if ERISA requires the ERISA Plan to file an annual report. The ERISA Plan administrator for such plans is required by law to furnish each participant with a copy of this summary annual report.
- Continue health care coverage for yourself, spouse or dependents if there's a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review the summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee welfare benefit plan. The people who operate your ERISA Plan, called “fiduciaries” of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. (The Group has delegated to us the discretionary authority to determine eligibility for benefits and to construe the terms used in the plan to the extent stated in our administrative services contract with the Group). No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the ERISA Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the ERISA Plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the ERISA Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court.

If it should happen that ERISA Plan fiduciaries misuse the ERISA Plan's money, or if you're discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you're successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Please Note: Under ERISA, the ERISA Plan administrator is responsible for furnishing each participant and beneficiary with a copy of the summary plan description.

If you have any questions about your employee welfare benefit plan, you should contact the ERISA Plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the ERISA Plan administrator, you should contact either the:

- Office of the Employee Benefits Security Administration, U.S. Department of Labor, 300 Fifth Ave., Suite 1110, Seattle, WA 98104; or
- Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Ave. N.W., Washington, D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration at 1-866-444-3272.

"Stabilize" means to provide such medical treatment of the medical emergency as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the member from a medical facility.

- The service is subject to oversight by an Institutional Review Board
- No reliable evidence demonstrates that the service is effective, in clinical diagnosis, evaluation, management or treatment of the condition
- The service is the subject of ongoing clinical trials to determine its maximum tolerated dose, toxicity, safety or efficacy.
- Evaluation of reliable evidence indicates that additional research is necessary before the service can be classified as equally or more effective than conventional therapies

- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease; and
- Not primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury or disease.

For these purposes, “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer reviewed medical literature generally recognized by the relevant medical community, physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.
