

# Delta Dental is mobile!

## View coverage details

Unfortunately, you need a filling. Sign in to see what percentage is covered by your benefits.

## Display your ID card

Need your ID card? No problem! Sign in and e-mail your ID card to your dentist or show the office staff your digital ID card from your phone.

It's easy to get the most out of your dental benefits with our free mobile app for Apple iOS and Android users.

---

The app uses the same information you use to access the MySmile® personal benefits center, so you won't need to remember separate passwords.

## Here's what you can do when you're on the go:

### Find a dentist

You're on vacation, need care and aren't sure if there's an in-network dentist near you. Open the Delta Dental app and easily search.

### Check your claim status

You recently had some dental work and want to know if your claim was paid. Just sign in to the app and view your claim status.

## Download and get on

Simply visit the App Store (Apple) or Google Play (Android) and search for Delta Dental to download and install.

If you're not already registered, you can set up your account from the app's login page.
