

Online tools for your smile

A healthy smile is a powerful thing. Get the most from your dental benefits and keep your smile healthy with our online tools.

Your personalized benefits center

Use your secure **MySmile® personal benefits center** account to:

- > View your coverage
- > Find a high-quality dentist in your plan's network
- > Use MySmile Cost GenieSM
- > Review your current and past Explanation of Benefits (EOB)
- > Print your ID card
- > And more!

Visit DeltaDentalWA.com and click "Register now" to create your account in just 3 steps:

- 1 Fill out your information
 - name, email, birthdate, and member ID or social security number
- 2 Create your username and password
- 3 Review our Terms & Conditions

That's it! Everything you need to manage your coverage is just a few steps away.

MySmile accounts are available for subscribers and their dependents aged 18+

Know your cost before you go

We have 2 ways for you to get out-of-pocket cost estimates before you go to the dentist.

MySmile Cost GenieSM gives you instant, personalized out-of-pocket cost estimates based on your benefits and dentist treatment. We recommend you use it for standard treatments like fillings. It's available 24/7 through your MySmile account.

Confirmation of Treatment and Costs is an accurate estimate based on your dentist's detailed treatment plan and your benefits. We recommend it for extensive, expensive treatments like crowns or implants. Simply ask your dentist to submit a Predetermination to us prior to treatment. Once submitted, you'll receive a Confirmation of Treatment and Costs. View your Confirmation in MySmile or wait for a paper version via standard mail.

View your benefits, anytime, anywhere

Download the **free Delta Dental mobile app** to access your benefits anytime, anywhere. Our secure app uses the same credentials as your MySmile account.
