How your plan works

Simply get a Healthy Checkup every year to earn your annual maximum step increase. It'll be added to your annual maximum for the following year. Repeat until you achieve your annual maximum threshold (highest annual maximum level).

A Healthy Checkup is any diagnostic / preventive treatment. They're listed in the table on the front page.

Here's an example:

Each year you don't get a Healthy Checkup, your annual maximum decreases back to the previous year's level. But, the amount will never fall below your plan's initial annual maximum.
