If you cover a domestic partner (or domestic partner's dependents) deductions will be taken on a post-tax basis unless your domestic partner qualifies as a dependent under Internal Revenue Code Section 152. In addition, unless your domestic partner qualifies under IRC Section 152, our contribution to your domestic partner's premium will be included in your taxable income.

To calculate your monthly premium, and for more information regarding the rules and guidelines for coverage, please refer to the Life and Disability section on pages 9-10 of this booklet.

GLOSSARY OF MEDICAL TERMS

Allowed Amount

Maximum amount on which payment is based for covered health care services. This may be called “eligible expense,” “payment allowance” or “negotiated rate.” If your out-of-network provider charges more than the allowed amount, you may have to pay the difference.

In-Network

The facilities, providers, and suppliers that your health insurer or plan has contracted with to provide health care services.

Balance Billing

When an out-of-network provider bills you for the difference between the provider’s charge and the allowed amount. For example, if the provider’s charge is \$100 and the allowed amount is \$70, the provider may bill you for the remaining \$30. An in-network provider may not balance bill you for covered services.

Copayment

A fixed amount (for example, \$20) you pay for the covered health care service, usually when you receive the service. The copayment amount does not apply to the deductible, but applies to the out-of-pocket maximum.

Deductible

The amount you owe for health care services, your health insurance covers, before your health insurance begins to pay. For example, if your deductible is \$500, your plan won’t pay anything until you’ve met your \$500 deductible for covered services subject to the deductible. The deductible does not apply to all services.

Coinsurance

Your share of the costs of a covered health care service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay coinsurance plus any deductibles you owe.

Out-of-Pocket Maximum

The most you pay during a calendar year before your health insurance or plan begins to pay 100% of allowed amount for in-network covered services. The limit includes office visit copays, prescription drug copays, deductibles and coinsurance.

IMPORTANT INFORMATION

Conversion and Portability Rights

You may have the option to keep your life/AD&D, supplemental life/AD&D, and long-term disability coverage through either the conversion or portability provisions of the contract. You must apply within 31 days from the date of termination. For information about these options please contact Human Resources.

Permitted Mid-Year Election Change Events

In most cases, once you have made your benefit elections for the plan year, you cannot change them until the next annual open enrollment period, unless you experience a permitted election change event. These include:

- Change in legal marital status (marriage, divorce, legal separation)
- Gain or loss of eligibility by one of your dependents
- Birth, adoption, or placement for adoption
- Loss of other health coverage by employee, spouse, or dependent(s)
- Gain or loss of eligibility for Medicare or Children's Health Insurance Program (CHIP)
- Change in coverage under another employer health plan

If you experience an event that allows you to make changes to your benefit elections, notify Human Resources within 30 days of the event (60 days in the case of birth or adoption). You may need to provide proof of the change, such as a marriage or birth certificate. For more information regarding permitted mid-year election changes, please contact Human Resources.

Notice of Special Enrollment Rights

You may be eligible to participate in TRICO's Group Health Plan. A federal law called HIPAA requires that we notify eligible participants about the right to enroll in the plan under its "special enrollment provision."

Special Enrollment Provision

Loss of Other Coverage (Excluding Medicaid or a State Children's Health Insurance Program). If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of Coverage for Medicaid or a State Children's Health Insurance Program. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or a state

children's health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within 30 days after the marriage or within 60 days after birth, adoption, or placement for adoption.

Eligibility for Medicaid or a State Children's Health Insurance Program. If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' determination of eligibility for such assistance.

All questions about the plan's special enrollment provision should be directed to Human Resources.

Notice of the Women's Health and Cancer Rights Act

This notice is being sent to you as required by the Women's Health and Cancer Rights Act of 1998, which states you must be advised annually of the presence of benefits for mastectomy-related services, including reconstruction and surgery to achieve symmetry of the breasts, prostheses and complications resulting from a mastectomy. Please refer to your medical benefit booklet for additional information. Benefits for these services may be subject to annual deductibles and coinsurance consistent with those established for other benefits.

Notice of Creditable Prescription Drug Coverage

MEDICARE PART D – YOUR PRESCRIPTION COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with TRICO and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug

IMPORTANT INFORMATION

plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. TRICO has determined that the prescription drug coverage offered by TRICO is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 through December 7.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current TRICO coverage may be affected.

If you do decide to join a Medicare drug plan and drop your current TRICO coverage, be aware that you and your dependents may not be able to get this coverage back.

Please contact the Human Resources Department or your Benefit Advocate for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with TRICO and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State

If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).
