Wellness Program For the 2021 Health Plan Year

For new employees
(hired on August 1, 2020 or later)

The Cascade Designs Wellness Program

A strong company cannot exist without healthy employees. The everyday choices we make can help us live healthier, happier, and more fulfilling lives - at work and at home. CDI offers a wellness program to provide you with information about your current health status. Maintaining a healthy workforce will also help us manage healthcare costs and allow us to continue offering a comprehensive benefits program.

Why Participate?

The monthly premium for wellness program participants will be \$20 lower than non-participants (that's a \$240 savings per year!). To qualify for the lower premium you need to complete the online RGA health assessment questionnaire **within 90 days of your benefit eligibility date**. For example, if you are eligible for benefits on May 1, 2021, you have until July 31, 2021 to qualify.

How to Participate

Complete your health assessment questionnaire at accessrga.com. Click on the myRGA Member Login button, log in, and click on Wellness Hub. It's quick and easy! You'll be asked to enter some health data and answer questions about your satisfaction with your life and job, safety habits, stress levels and how you feel about your overall health.

The questionnaire analyzes your answers and creates a personal health report. The report includes information, recommendations, and connections to health improvement opportunities. The questionnaire can help you identify potential future health issues. You may receive an outreach call from RGA based on your results.
