

## What is CancerCARE?

The CancerCARE Program is a free, fully integrated cancer solution included in YOUR health plan that supports you from the first day of your diagnosis well into the stages of aftercare. CancerCARE coordinates care and benefits for patients with new or existing cancers. Our expert medical team advocates for the best possible care in your community or at a leading national Centers of Excellence location.

### Day One Help

The day you receive a cancer diagnosis is overwhelming. Our CancerCARE professionals will answer questions about your diagnosis and help you evaluate your treatment options. They will also help maximize your health benefits and minimize your out-of-pocket expenses.

*Register online or by phone promptly (within 72 hours) of diagnosis for the highest care impact.*

### Personalized Care

Today's cancer treatments vary by cancer type, stage of spread, and the patient's genetic makeup. The most effective care occurs when it is genetically personalized for you. Genetic testing is often not a covered benefit; however, it is fully covered when used for treatment planning with CancerCARE's recommendation.

### National Resources

New treatments are developed and tested at leading cancer centers called Centers of Excellence. Treatment received from your local oncologist is often the best possible, but in some instances, we may suggest new treatments that are only offered at a Center of Excellence when those treatments could be more beneficial to you. Two examples would be Clinical Trials or proven new treatments that have not yet been written and given to community oncologists.

### Expert Medical Team

During your Initial registration call, our highly trained Intake Coordinators will quickly gather your medical and health plan information. When a diagnosis permits, you will be assigned your own personal Oncology Nurse Expert who will answer any questions you have regarding your diagnosis as well as your care options. CancerCARE's entire team of Doctors, Nurses, and Medical Experts is dedicated to being with you throughout your treatment journey.
